

WILSON WINS

CARRIES CALIFORNIA AND IS ASSURED OF RE-ELECTION WITH 269 ELECTORAL VOTES

Suspense and Anxiety of Election Unparalleled in History Apparently Ended---Wilson Has 269 Electoral Votes, With Possible 272 With New Mexico---Hughes Lacks Seven Votes of Necessary Majority.

NEW YORK, Nov. 9.—President Wilson has carried California and has been re-elected.

Fifty hours after the polls closed in California Republican Chairman Rowell conceded the state to the president. Thus the 13 votes needed to assure the president a majority in the electoral college dropped into the Democratic column and apparently ended the suspense and anxiety of an election which has been unparalleled in American history.

Republican Chairman Willcox when informed that the president had carried California only replied:

"I have nothing to say."

Secretary Tumulty, at the summer white house at Shadow Lawn, sent the news by wireless to President Wilson on board the yacht Mayflower en route to Rhine Cliff, N. Y.

The California returns showed that with only 48 districts missing the president's plurality in the state was 2970.

Barring some wholly unexpected turn-over in the incomplete states leaning toward Wilson, or a change on a recount, California's acquisition to the Democratic column gave the president 269 electoral votes without New Mexico's three. In New Mexico at midnight the president was leading by 2634 votes with 158 districts missing and it was not believed this advantage could be overcome by Mr. Hughes.

Conceding West Virginia, New Hampshire and Minnesota to Mr. Hughes—and he was in the lead in all three—only gives him 259 votes, seven less than the required majority. With 272 votes in sight President Wilson had six to spare for a possible split of electors in California or a sudden reversal in New Mexico.

At Republican national committee headquarters it was admitted that after conferences between George W. Wickersham, former attorney general of the United States, Everett Colby of New Jersey, Mr. Hughes, Chairman Willcox and George W. Perkins of Baltimore, preparations were being made to begin legal proceedings for recounts in states where the results were close. Chairman Willcox included California, New Mexico, North Dakota, New Hampshire and Minnesota in his list of states where recounts undoubtedly would be demanded.

Democratic headquarters was not behind the Republicans in preparing legal developments. Chairman McCormick conferred with Alton B. Parker, former Democratic candidate for president; Morgan J. Breen, Delancy Nicoll and John B. Stanchfield, all prominent New York lawyers. It was evident that if the election was to be taken into the courts the legal giants of both parties were being marshalled for such a battle royal as the United States never has seen.

In an official statement the Democratic national committee claimed 272 votes for President Wilson and a popular plurality of from 200,000 to 300,000.

"To say there will be any contest," declared the statement, "is an insult to the intelligence of the American people."

It probably will still be another day before the full results are known from any of the four states left in the doubtful column, and certainly not until there has been an official count in New Hampshire and possibly Minnesota.

As Mr. Hughes is leading in West Virginia and Minnesota a change in these states could in no wise affect the result, there may be no demand for extraordinary haste to bring about the recount demanded.

Virtually all the states where the result is close are carried in the Hughes column and for that reason the Democrats profess to be not apprehensive that any overturning could come from a recount.

Corrected Minnesota
St. Paul, Nov. 9.—Errors in the transmission of returns from several precincts in Minnesota, discovered late tonight, changed the standing somewhat in the presidential contest. In 2239 out of 3024 in the state, the corrected figures gave Hughes 176,545; Wilson 175,511.

The Count in North Dakota
Bismarck, N. D., Nov. 9.—When tabulators compiling the election returns in North Dakota closed their labors tonight 1831 precincts out of 1859 in the state had reported on the presidential contest, the count being:

Wilson 54,449.
Hughes 52,831.

Charges of irregularities were made in several sections of the state and United States Marshal S. J. Doyle laid before federal District Attorney Hildreth, charges of alleged attempts to tamper with ballot boxes in a number of northwestern precincts.

Of Equal Strength.

Indianapolis, Nov. 9.—Scattering returns from all over Indiana indicated the strength of the Prohibition and Socialist parties to be about the same. Reports from 57 of the 92 counties in the state for president gave Hanly Prohibitionist 6,602; and Benson, Socialist, 5,290.

Missouri Returns.

St. Louis, Mo., Nov. 9.—Returns from all but 272 of the 3,459 precincts of Missouri gave Gardner, Democrat for governor 359,740; and

WOODROW WILSON

Lamm, Republican, 355,788, making Gardner's plurality on precincts received 3,952. This lead was considered sufficient to assure his election.

Wilson Plurality 3,131.
San Francisco, Nov. 9.—5834 of 5,879 precincts in California gave Hughes 462,538; Wilson 465,669. Wilson's plurality 3,131.

Democratic Governor Re-elected.
Boise, Idaho, Nov. 9.—Governor Moses Alexander, Democrat has been re-elected by a small majority. Republican campaign managers conceded a defeat. President Wilson, it is estimated has carried Idaho by about 15,000 plurality. A constitutional amendment favoring prohibition was carried by a large vote.

Hughes Leads President.
Sioux Falls, S. D., Nov. 9.—With returns from South Dakota still incomplete Mr. Hughes leads President Wilson by the following vote: Hughes 52,300; Wilson 46,636.

Hughes' estimated plurality has been reduced from 7,000 to less than 6,000. The prohibition amendment carried by an estimated majority of 15,000.

Hughes Carries Indiana.
Indianapolis, Ind., Nov. 9.—With only 139 scattering precincts out of 3,143 in Indiana not reported Charles E. Hughes was leading President Wilson by more than 6,500 in this state late tonight. It was generally believed that the president would be unable to overcome the Republican nominee's margin.

SERIOUS CHARGES AGAINST GERMANS

Belgian Minister To France Issues Statement

Asserts German Government Is Sending All Able-bodied Men of Belgium to Germany. To Liberate an Equal Number of German Workmen With Whom Gaps in Their Regiments Will be Filled.

Hayre, France, Nov. 9.—Charges that the German government is rounding up and sending to unknown destinations practically all the able-bodied men in occupied Belgium are made by Baron Beyens, Belgian foreign minister, in a statement issued today. Baron Beyens says:

"The German government is rounding up in large numbers in the towns and villages of occupied Belgium all men fit to bear arms, rich and poor, irrespective of class, whether employed or unemployed, hunchbacks, cripples and one-armed men alone are excepted. Men are torn by the thousands from their families (15,000 in Flanders alone are sent God knows where); whole trainloads are seen going east and south.

"The German armies must not fall a charge upon the German government and work whereupon they have been employed has nothing to do with the war. This is the cause of delay and stagnation in Belgium and Belgian industry.

"There would be no lack of work in Belgium if the Germans had not made a clean sweep of raw materials copper and oil in the factories—as they will perhaps make a clean sweep of all leather belting which must now be declared in detail—if they had not requisitioned in masses machinery, parts of machinery and machine tools.

"It is necessary to add that industries cited by the Germans as having no connection with the war, such as quarries and lime kilns, furnish the German army with materials for concrete wherewith to fortify and consolidate trenches.

"If they desire to use the arms of their own workmen to repair and maintain roads would it be necessary to deport them like cattle instead of employing them in the neighborhood of their homes and families? The truth is that Germany by these corralings of Belgians intends to liberate an equal number of German workmen to fill the gaps in the regiments of their armies. The Belgian government denounces to civilized nations, among whom the American people has made itself conspicuous by its love of right and justice, its horror of oppression and its eagerness to help the unfortunate victims of war, violations of the laws of nations and the rules of The Hague convention. It protests against the slave trade originated in Belgium in contempt of the rights of humanity and international conventions."

GRADUATE NURSES MEET IN PEORIA

Several Hundred Delegates Assemble For Annual Convention.

Peoria, Nov. 9.—Upwards of 500 delegates representing practically every large city in the state, assembled here today for the initial session of the Illinois graduate nurses' association annual convention.

COMMISSION APPROVES REORGANIZATION PLAN

Three Railroads Formulate Plans For Reorganization.

Jefferson City, Mo., Nov. 9.—The proposed reorganization plan of the Missouri Pacific and the St. Louis Iron Mountain and Southern railways was approved here today by the state public service commission.

WEATHER INDICATIONS AND TEMPERATURES

WILL INSTITUTE PROCEEDINGS FOR RECOUNT WHERE VOTE IS CLOSE

REPUBLICAN NATIONAL COMMITTEES MAKING LEGAL PREPARATIONS TO DECIDE PRESIDENTIAL VOTE

Chairman Willcox Declares Recount Will Be Asked in California, Minnesota, New Hampshire, New Mexico and North Dakota—Democrats Celebrate in New York City.

NEW YORK, Nov. 9.—Lawyers high in the councils of the Republican party were prominent figures late today in conferences with William R. Willcox, chairman of the national committee.

George W. Wickersham, a former attorney general of the United States and Everett Colby a prominent New Jersey attorney after calling at Republican headquarters visited Charles E. Hughes with Chairman Willcox and George W. Perkins. No statement was forthcoming as to the subjects under discussion but it was admitted the national committee was making preparations to institute proceedings for a recount of the votes in the state where the result was close, but where President Wilson had won on the face of incomplete and unofficial returns.

Chairman Willcox said the Republicans undoubtedly would call a recount in "all those states where the result is close."

In this list he included California, Minnesota, New Hampshire, New Mexico and North Dakota.

Mr. Perkins declared every precaution would be taken "to guard against balloting box frauds."

The Democratic national committee also appeared to be making preparations for possible eventualities. Alton B. Parker, a former chief judge of the New York state court of appeals and a former Democratic candidate for president, conferred with Vance C. McCormick, chairman of the National committee as did Morgan J. O'Brien, a former justice of the supreme court. John B. Stanchfield and Delancy Nicoll were closeted with the chairman yesterday. It was announced last the Democratic state committee of New Hampshire already had been instructed to institute proceedings for a recount in that state.

EXPECT PROHIBITION FEDERAL AMENDMENT

Anti-Saloon League Comments on Victories in Newly Won States

Washington, Nov. 9.—The legislative committee of the Anti-Saloon League of America issued a statement here tonight commending on the prohibition victories Tuesday when Michigan, Nebraska, Montana and South Dakota joined the list of prohibition states and declaring that congress this winter should pass the federal amendment resolution making the district of Columbia "dry" and deny the mails to advertising of liquor.

FIVE ARE CREATED BRIGADIER GENERALS

Officers of Marine Corps Receive Honors Conferred Under Last Appropriation Bill.

Washington, Nov. 9.—Colonels George Barnett, L. W. T. Walter, Joseph H. Pindleton, John Lejeune and Eli K. Cole, of the marine corps were selected today to be brigadier generals in the corps, under the authority of the last appropriation bill which created this grade. General Barnett is now commandant of the corps and in that position has a rank of Major General.

BRITISH STEAMSHIP IS DRIVEN ASHORE

Santiago, Chile, Nov. 9.—The British steamship Madawaska is ashore at Corral Bay.

The Madawaska, 4,210 tons gross, is bound for London. She called from Calcutta for ports in New Zealand recently.

OFFICIAL COMMUNICATION

London, Nov. 9.—The official communication from general headquarters issued at midnight reads: "During the day there was considerable shelling of our front south of the Ancre. We bombarded an enemy area east of Regina trench. The enemy's claim of Nov. 5th, that he repulsed the British with huge losses in a big battle is entirely false. The facts are as stated in the British communiqué of the same date. The British casualties were in proportion to the small force employed and the scope of the operation."

While President Wilson was steadily maintaining his lead in California, New Mexico and North Dakota, three of the five states still classed as doubtful, Republican campaign managers stuck to their guns late tonight and steadfastly held final returns would show Mr. Hughes had been elected. A short time before he was informed by The Associated Press that virtually complete unofficial returns showed that Mr. Wilson had carried California. Mr. Willcox made the following statement:

"We are still without complete returns from close states, but up to the present moment, insofar as results are concerned, there is no change from last night."

The Democratic national committee gave out the following statement when the result in California became known:

"The president has carried the country by a popular plurality from 200,000 to 300,000. With an electoral vote of 272 absolutely sure and with Minnesota, West Virginia and New Hampshire still to be decided to say there will be any contest is an insult to the intelligence of the American people."

"There is nothing to add to our statements previously made. We have claimed the re-election of President Wilson since early Tuesday evening; we knew we had it. We have been fighting and particularly for the western states."

Chairman McCormick left Democratic headquarters at 11:30 o'clock saying that he was satisfied the president had been re-elected.

The large crowd at Democratic headquarters that had been watching the returns all evening broke into a riot of applause when the California result was posted. Hundreds in the street immediately fell in behind several bands and a parade was started down 42nd street to Fifth avenue. After a march of only a few blocks, however, the paraders returned to headquarters and soon dispersed.

After Theatre Crowds Cheer.

When The Associated Press informed Democratic headquarters that President Wilson had carried California, there was a wild cheer and the crowd of workers who had been on duty almost constantly for two days and two nights seemed to forget they were weary. The street in front of headquarters had been blocked all the evening with crowds cheering for Wilson. After-theater crowds were thronging Broadway and streets in

Some of the railroads are using coal cars now for the transportation of grain. While this action may give relief in some quarters it will cause still further inconvenience in the coal situation. To haul grain in coal cars at this time is "robbing Peter to pay Paul," and unfortunately the public must pay the bill.

Mrs. Fels, the widow of Joseph Fels, single-tax propagandist, prosecutes her late husband's work with unflinching zeal. According to the Chicago Post she is now bending her energy to a plan for establishing a single-tax colony in Palestine after the war ends. It is a venturesome proposal for a land that is likely to need some time for recovery from the disturbance it has suffered, but, doubtless, Mrs. Fels believes her economic remedy will be of peculiar value in just such conditions. Moreover, under the Mosiac economy 5,000 years ago Palestine enjoyed a system that was in principle closely akin to single tax.

New Ashford Advertising.
The village of New Ashford, Mass., has won laurels by a plan adopted by the city boosters. Thru united effort it was possible to get the entire polling list of the town to vote by 10 o'clock in the morning and thus it was possible to close the polls and flash the news all over the country. It is unfortunate that cities cannot take on this same method of advertising and thus do away with all the anxious hours which follow the closing of the polls in the late afternoon.

New Ashford has a voting list of only 23 and this accounts for its great speed. The condition there is strongly in contrast to several of the voting precincts in Morgan county, where more than 1400 were registered. It was really a credit to the local election officials that so many voters were handled with comparative ease between the time that the polls opened and closed. Had there been delays there would have been some voters in this county without the opportunity of casting their ballots in the 1916 presidential election.

The Argentine Menace.
Insult was added to injury when Argentine corn sold on the Peoria board of trade to the American Milling Co. for \$1.93 a bushel which was 5.12c over the market for American corn. The corn sold graded No. 2 yellow and weighed 53 lbs. per bushel. The special reason that a higher price was paid than for the American grown product was that the Argentine corn contained but 12 per cent moisture. Mill men declared that the foreign grown corn was superior to the home product for their particular purposes and that they could therefore afford to pay the higher price. Just now all corn prices are so high that farmers will not fully appreciate the situation. With lower price levels and preference given to Argentine corn because of better quality—that would be a different story.

PRESIDENT WILSON'S
NOTABLE VICTORY

The hours have been anxious for both Republicans and Democrats since the polls closed Tuesday night, with the greater nervous strain on Republicans. All day Thursday the returns wavered back and forth in

Rippling Rhymes
By WALT MASON

THE GRUNTER

If you're complaining of your task, and sighing as you labor, I greatly fear you'll never bask in Easy street, my neighbor. The world is seeking willing hands to keep its pulleys turning; it will pass up the gent who stands, for soft employment yearning. The man who drops away behind, who cannot make the rifle, keeps talking of the dreary grind, and all that sort of piffle. The man who gayly does his work, pretending to enjoy it, who, be his tool a spade or dirk, will cheerfully employ it, who, though he may be feeling dead, will never make confession, is he who marches at the head of industry's procession. The man who grunts when'er he swings his fountain pen or hammer, who never smiles and never sings, or makes a cheerful clamor, who never will consent to hump until he sees his wages, will land some morning at the dump, and there he'll stay for ages.

THIS DATE IN ILLINOIS
HISTORY

November 10, 1755.—The French commandant at Fort Duquesne appealed to the commandant at Illinois to send him provisions. Shortly afterward Braddock's vain attempt to take Fort Duquesne marked the beginning of the French and Indian war.

such a way that hope was kept alive that the nation-wide result might finally be in favor of Mr. Hughes. But late Thursday night the news was flashed from California that the state was certainly in the Wilson column. Then only were Republicans willing to concede the party defeat.

While the two days have been nerve racking, knowledge of the final result has not been as long delayed as was the case in 1884, when Grover Cleveland defeated James G. Blaine. A week or more was consumed in compiling that count and the final result was settled by the matter of 1,000 to 1,500 votes in New York. In these days the facilities for counting votes and for securing returns from country districts are much improved by comparison with those of 1884, and this fact accounts for the quicker returns this year.

It is indeed, a notable victory for the president, who after election to his high post soon became the dominant influence in his party. As few other presidents have been able to do, he controlled congress and seldom has there been opposition to his plans and purposes which he has not been able to remove. The victory of the Democratic party is therefore a victory for him, and he is the leader of Democracy in both name and fact. The distinction of re-election is the greater when history is recalled and it is remembered that no other Democratic president since the days of the war has succeeded himself in the presidential chair.

As President Mr. Wilson has faced questions and situations of monumental importance and the vote of the states indicated that his record has been approved by the majority and there is confidence in his ability to face the problems of the next few years. There has been much in his course every American could approve and had he been less able, less earnest in his desire to serve the people, his defeat would have been possible.

The election presents possibly more enigmas than any held for many years in this country. In a number of instances exactly the opposite has happened from that expected. It is difficult to explain the heavy vote given for President Wilson in Ohio. Still more mysterious is the vote of Kansas, supposedly a Republican state, or at least having returned to the Republican fold since the decline of the Progressive movement. The result there gives indication that the breach between Progressives and Republicans was not as fully healed as party leaders had hoped for. The factional differences in the Republican party in California, resulting in some measure from the Republican-Progressive split, must be responsible for the California result. That state as returns were canvassed became pivotal and the warring factions of the party will thus have more than ever to regret as they look back upon "what might have been."

Four years ago Utah was one of the few states carried by the Republicans and this year Utah is in the Democratic column. The result gives contradiction to the often quoted phrase, "As New York, so goes the union." There was no doubt as to the early returns came about the result in the Empire state, but even with New York's 45 votes and the 29 from this state, the Republican column was not heavy enough to swing the day. In the view of many Republicans the greatest difficulty which confronted the party in the campaign was the prosperity of the country. The unbiased citizens admit that this prosperity is based upon war orders nevertheless a great body of voters paid little attention to the cause, content to accept conditions. Two years ago reports show there were thousands of idle freight cars on railroad side tracks. At the present time instead of a surplus there is an actual shortage of thousands of cars and because of the lack of cars there are delays in the movement of goods and grain. Industrial workers who are employed at high wages are not likely to study economic conditions and find out just what has caused the conditions.

Had the election been held at a time of industrial stress, when the factory and mill chimneys were smokeless and railroad empties were plentiful, judged by history there would have been a great vote against the return of the Wilson administration. It must be admitted that the returns thus far show that some of the great industrial states did go to the Hughes column, but this number would have been much larger under other conditions.

Tremendous responsibility rests upon the president of the United States and the years near at hand give promise of presenting even greater problems than those of the past. To guide this country safely thru the days of danger which may come while the war progresses and thru those days of industrial danger which are sure to come after the war, means that the president must have the earnest, loyal support of the country's great leaders and of citizens in general.

Partisanship must now be given second place and it remains for the citizens of the country to even in a more marked degree than they have in the past, accord the president, their hearty sympathy and support. As citizens of one government and with a common interest for its welfare, let the people everywhere join in the effort to make business and living conditions still more satisfactory. Let them so conduct themselves that the world at large will recognize how truly great is this country and how distinctive is the American spirit which can speedily put aside political differences for the common good. A united citizenship in this country will be a potent influence to aid the president in trying days which are sure to come.

Be sure to read Brady Bros. adv. on Cole's high oven range in today's paper.

Miss Alma Leake of Franklin was in the city yesterday.

ANTI-TUBERCULOSIS
WORKERS MEET

State Association is Holding Annual Convention in Springfield

The Illinois State Association for the Prevention of Tuberculosis met in annual convention in Springfield yesterday afternoon and evening. The first session was held at 3 o'clock at Christ church parish house. Mayor Charles T. Baumann of Springfield giving the address of welcome in behalf of the city, and Dr. L. C. Taylor, president of the Springfield Tuberculosis association, welcoming out of town delegates. After the appointing of committees the visiting delegates were taken in automobiles to inspect the Springfield open air colony and the dispensary of the tuberculosis association. An informal dinner was served at the St. Nicholas hotel at 7 o'clock, after which came a conference on general public health subjects.

The opening session today will be at 9 o'clock at Christ Church parish house, at which time Dr. George T. Palmer, president of the state association, will give his annual address. Others appearing on the program will be Dr. Ethan A. Gray, director of the Chicago Fresh Air hospital; Dr. C. St. Clair Drake, Dr. J. W. Pettit, Ottawa; Mrs. A. L. Adams, Jacksonville; Mrs. Louise Lowe Baker, Aurora; Miss Ida Specht, Pontiac; Dr. E. M. Sala, Rock Island; Dr. C. B. Johnson, Champaign.

At 1:30 in the afternoon Sherman C. Kingsley of the Elizabeth McCormick Memorial fund, Chicago, will talk on open air and open window schools; Mrs. A. L. Adams and Dr. Jeannette C. Wallace will give accounts of the open air schools in Jacksonville and Peoria; and Dr. O. W. McDaniel, director of the Edward sanatorium and formerly medical director of the open air schools of Chicago, will talk on the theme, "The Medical Supervision of Schools." Dr. Gustav F. Rudiger of LaSalle will also make an address, his subject being "Tri-City Health Plan."

Rebekah rummage sale Friday and Saturday, 222 West State street.

MEREDOSIA

Mrs. Mary Morris departed Wednesday for St. Louis for a visit with friends.

Mrs. Will Meier and Mrs. Clyde McAllister spent Wednesday in Jacksonville.

A heavy rain accompanied by a strong wind visited this vicinity Wednesday evening.

Miss Rena Pond of Bluffs came home to vote Tuesday returning Wednesday morning.

Mrs. May Howard of Jacksonville Fla., who has been visiting Miss Beulah Wade for the past two months left Wednesday morning to visit relatives in Jacksonville before returning home.

Mrs. Ellen James returned to Chandlerville Wednesday after coming home to vote.

Miss Beulah Butcher was a Jacksonville visitor Wednesday.

J. W. Hampton of Mt. Sterling was a business visitor in this city Wednesday.

Mrs. Henry Koch returned home Wednesday from Kalamazoo, Mich., where she went for treatment in a hospital there.

Dr. A. F. Streuter of Arenzville was a professional visitor here Wednesday.

Miss Louise Alhorn visited her mother at Passavant hospital in Jacksonville Wednesday.

Grace Barrus and Edward Yeck were business visitors in Jacksonville Wednesday.

Charles Rue and wife and Henry Hamilton and wife of near Neelyville were shoppers here Thursday.

The marriage of Mr. Raymond Wade and Miss Bessie Bolyard was solemnized at the Methodist parsonage Wednesday evening. Rev. T. L. Hancock pronouncing the ceremony. The groom is the only son of Mrs. Alice Wade and is held in high esteem by his associates. The bride is the daughter of Mr. and Mrs. Charles Bolyard of this city and is fitted by training and education to be a true helpmate to her husband. The young couple will have the best wishes of a large circle of friends. They will reside in the property lately vacated by Mrs. Alice Merriss.

Miss Pearl Larison of Jacksonville came down Tuesday to vote.

Prof. W. W. Jarman arrived from Sparland Wednesday with his wife and baby.

Mrs. Joe Peters and children are visiting relatives at Merritt this week.

Louis Boyd of Kampsville came home to vote and visit his mother.

Mrs. Orin Starks and baby left Saturday to visit her parents at Kirksville, Mo. She was accompanied by her husband.

Mr. and Mrs. Charles Thomas spent Tuesday and Wednesday in Jacksonville.

Miss Ruth Anderson of Pittsfield spent Monday here with Miss Mabel Coughlin.

Mrs. Minnie Fotsch and daughter Lydia are visiting relatives in St. Louis this week.

Notice is hereby given that on Saturday the eighteenth (18th) day of November, 1916, an election will be held at the City Hall, Meredosia, in school district No. 106, for the purpose of voting on the following proposition:

"For or 'against' the proposition to issue bonds to erect a new school building in school district No. 106, to the amount of \$12,500.

The polls will be opened at one o'clock p. m. and closed at five o'clock p. m.

By order of Board of Directors.
C. W. McLain, President.
F. W. Brookhouse, Clerk.

FIRST ANNIVERSARY
FOR HOTEL DOUGLAS
Large Company Present Last Night to Assist in Proper Observance of Event—Special Program Given.

One year ago Thursday the Hotel Douglas was formally opened to the traveling public. Prior to that time for several months the building had been undergoing many improvements which when completed made it one of the best hotels in Central Illinois. The Ballard-Johnson company of Springfield secured the lease on the hotel. This firm has many hotels and restaurants in various parts of the country and a reputation for conducting first class places. This reputation has been followed here and so after a year of existence the hotel still maintains its high standard and is exceedingly popular with the traveling public.

Thursday the first anniversary of the opening of the hotel was celebrated in an appropriate manner. G. Roy Scott, manager of the hotel and Mr. and Mrs. H. K. Marunga, managers of the cafe planned the arrangements. Mr. and Mrs. L. M. Bolton of Springfield were down to attend the anniversary. Mr. Bolton is at the head of the Ballard-Johnson firm and looks after all business details of the various establishments.

The lobby of the hotel was tastefully decorated with cut flowers and potted plants. In the dining room also were many cut flowers and palms and ferns while the tables also showed artistic arrangement. There were many reservations during the evening for both dinner and supper parties by local residents and parties from out of the city.

Music was furnished during the evening by Hitt's orchestra, the Hoffman sisters and Prof. Beebe of Jacksonville. Leo Johnson gave a number of xylophone solos and Miss Minnie Hoffman gave some violin solos with accompaniment by Miss Grace Hoffman.

Manager Marunga had engaged L. Guiseppe of St. Louis to appear in vaudeville during the evening. However he received a message from him late Thursday afternoon stating that he had met with an accident and would be unable to be here. It was a great disappointment but other entertainment was provided instead. Taken in its entirety the first anniversary celebration was a decided success.

SOCIAL EVENTS

Willing Workers
of Grace Church Meet

Officers and visitors of the Home Department of Grace M. E. Sunday school met in regular session Thursday afternoon at the home of Mr. and Mrs. Ledford, 492 North Fayette street. The meeting was called to order and Rev. Mr. Madden and Mrs. A. Nebold, the superintendent, with the visitors spent some time in correcting the list of members, after which the minutes of the last meeting were read and approved. Eight birthday cards and one letter reported sent.

An instrumental solo was rendered by Mrs. Ledford and a reading, "When the Minister Comes to Tea" by Mrs. Agnew. The company was then dismissed with prayer by Rev. Madden. A social hour and dainty refreshments were enjoyed by all present. The next meeting will be with Mrs. Will Wood, West College street.

Try one of our new Talbot Arrow collars at T. M. Tomlinson's.

Mr. and Mrs. L. B. Trotter of east of the city, and Miss Emma Boyce of East State street, have gone to Mt. Sterling to attend the funeral of Joseph Parks which will be held this afternoon at 2:30.

BIRTH RECORD.

Born to Mr. and Mrs. Harry Crews 47 Davenport street, Thursday morning, a daughter.

"BONE DRY" PROHIBITION AMENDMENT CARRIES

Aimed to Stop All Importation of Liquor Into Oregon for Beverage Purposes.

Portland, Ore., Nov. 9.—Indications tonight were that the "bone dry" prohibition amendment which was aimed to stop all importation of liquor into Oregon for beverage purposes, had carried by about 1,599.

Under the present Oregon prohibition law 24 quarts of malt liquor or two quarts of spirituous liquor can be imported from other states for private use by one person each month. The new law, it is claimed, will stop all importations.

MEMBER ROYAL FLYING CORPS AMONG MISSING

Baron Lucas is Believed Either Captured or Killed by the Germans.

London, Nov. 9, 5:45 p. m.—Baron Lucas of Crudwell, a member of the Royal Flying Corps and former parliamentary under secretary of war, has either been captured by the Germans or killed on the French battle field, according to the Evening Star. Lord Lucas was reconnoitering over the German lines in France in an aeroplane, the newspaper says, and was obliged to descend behind the German lines owing to a gale.

WOULD HAVE ELECTED REPUBLICAN TICKET

Chairman of Prohibition Campaign Committee Asse's Party Vote Would Have Turned Tide.

Indianapolis, Ind., Nov. 9.—Oliver W. Stewart, chairman of the Prohibition vote would reach 350,000 and that had the Republican party and its nominee said anything against the liquor traffic enough Prohibitionists would have voted the Republican ticket to have assured Mr. Hughes' election in earlier returns.

GEORGE BOURN ILL

George Bourn is very ill at his home in Newton, Kansas, according to word received by his brother, Joseph Bourn of East State street.

MEXICAN GENERAL'S

FAMILY MOVES TO U. S.

Mrs. Trevino and Mrs. Gonzales Cross Border From Juarez With Personal Belongings.

El Paso, Nov. 9.—Three moving vans brought the trunks and personal belongings of Mrs. Trevino, wife of General Trevino of Chihuahua City, and Mrs. Gonzales, wife of General Gonzales, commander in Juarez, from Juarez to the American side late today. Another wagon brought the household furniture of Julio Carranza, customs collector in Juarez. He is no relation of General Carranza.

Ten wealthy British residents of Chihuahua, half of them women, arrived at Juarez tonight with other refugees. They reported that the foreign consuls, including the British, still remained in the city, although the foreign colony had been reduced to a comparatively few except for the Germans, who with a few exceptions, are staying behind.

While Chihuahua City is calm, it was learned some apprehension was felt over the loyalty of the garrison. General Trevino was credited with an effort to raise silver money to pay the men. Some of the soldiers were said by refugees to be tearing up their paper money on pay day and throwing it in their officers' faces. The Carranza paper dollar is now down to one cent gold, they said.

Street cars are running in Chihuahua City. It was reported, owing to a shortage of coal.

British refugees brought a report from Chihuahua City that Villa bandits were defeated at Conejos, about 200 miles south of that city, by Carranza forces from Torreon under General Francisco Murguia.

Nothing was known in Chihuahua City of the fate of the Americans of Parral and Magdalen when the train left there today. The refugees said it was believed the Americans and foreigners from Parral had gone toward the State of Durango and escaped.

SANTA FE TO FIGHT ADAMSON 8-HOUR LAW

Railroad Files Petition to Enjoin Authorities From Putting Bill Into Effect.

Kansas City, Mo., Nov. 9.—A petition enjoining the federal district attorney and "labor leaders" from putting the Adamson eight hour bill into effect was filed in the federal district court of Kansas City, Kan., late today in the name of the Atchison, Topeka & Santa Fe railway.

The bill recites the circumstances surrounding the passage of the Adamson law and claims that it is a mere arbitrary increase in wages. The law, says the bill, is unconstitutional and void because it is not a regulation of interstate commerce, it is a mere experiment intended as a basis for further legislation, that it deprives the company of its liberty of contract and right of property without due process of law, and that it is unworkable and uncertain.

The court is asked to indicate what step it shall take "by way of keeping special accounts, giving bond, or otherwise for the purpose of assuring complete protection to all its employees."

On the other hand, the complaint says that if preliminary and final injunction be denied and this complainant be compelled under fear of penalties of the said act to adopt at its own peril some construction of the act involving the payment of increased wages to considerable number of its employees and if the act shall subsequently be declared to be invalid the loss thereby sustained by this complainant can never be repaired in any way.

FRENCH SHIP REPORTS COLLISION AT SEA

Steamship Espagne Collides With Unidentified Vessel.

New York, Nov. 9.—A collision at sea with a vessel unidentified was reported by the French line steamship Espagne, which arrived here today from Bordeaux after a rough voyage.

Two days off the French coast, at 11 p. m., on Oct. 31, the Espagne sighted a steamship dead ahead with no lights burning apparently. Owing to the stormy weather, the two ships were unable to escape coming together, the Espagne's bow crashing into the side of the stranger, which suffered an eighteen inch gash. The vessels swung about until their sides scraped.

The Espagne stood by and offered assistance which was refused, and the ships parted company. The Espagne was only slightly damaged.

ELLIOTT STATE BANK

Savings deposits made during the first ten days of November will bear interest from the first of the month.

Dr. J. G. Franken of Chandler, Ill. and Dr. Campbell of White Hall were among the out of town physicians in attendance at the Western Illinois District Medical meeting here Thursday.

EDWARD. D. HEINL

WILSON WINS

(Continued from Page 1).

S. New had a lead over his opponent, Senator Kern of 11,932.

Complete returns in the contests for the 13 places in the national house of representatives were slow in arriving and the few reported during the night did not change the relative standing of the candidates.

Mondell Re-elected.

Cheyenne, Wyo., Nov. 9.—In the congressional campaign in Wyoming Representative Frank W. Mondell, Republican, had been re-elected by a small majority according to unofficial returns.

John B. Kendrick, present Democratic governor, has been elected to the United States senate over Clarence D. Clark, Republican, who has represented Wyoming in the upper house of congress for the past twenty-five years.

Wilson received 27,517 votes and Hughes 19,938.

DEPARTURE DELAYED

New London, Conn., Nov. 9.—The German submarine Deutschland will not start her homeward trip tomorrow as was originally planned. Failure of some of the cargo to arrive here is the reason assigned for the delay. Captain Paul Koenig was made tonight an honor member of the local Lodge of the Order of Herman's Sons, 1,400 members being present at the ceremony. He was presented with a gold chain and a silver loving cup.

AWAITS SPECIFIC DETAILS

Washington, Nov. 9.—Secretary Lansing tonight authorized the statement that while Vice Consul Westcott at London had transmitted a despatch saying the British liner Arabia had been torpedoed without warning, no details of the case had been received in official despatches. Mr. Lansing would not comment on the situation created by the recent activity of German submarines although other officials admitted that the cases of three or four of the ships sunk during the past week presented serious aspects.

ITALIANS CAPTURE GUNS

Rome, Nov. 9.—via London.—Italian forces in their offensive against the Austro-Hungarian positions on the Craco front have captured a total of twenty guns, including 13 of medium calibre, according to the Italian official statement issued today.

GERMANY FOR UNION TO ENFORCE PEACE

Government Will Co-operate In Endeavor to Procure Lasting Peace by International League After War Is Over.

Berlin, Nov. 9.—Via Wireless to Sayville.—Chancellor Von Bethmann-Hollweg announced today that after the ending of the war Germany would co-operate in an endeavor to find a practical means for procuring a lasting peace by means of an international league.

The attitude of Germany in regard to the proposal for an international union to enforce peace was made known by the main committee of the Reichstag. The semi-official Overseas News Agency gave out an account of the chancellor's address that in part follows:

"The first condition for the evolution of international relations by way of arbitration and peaceful compromise of conflicting interests ought to be that no more aggressive coalition be formed," the chancellor continued. "Germany is at all times ready to enter a league of peace which will restrain the perturbator of peace."

"The history of international relations before the war stands clear before the eyes of all the world. What made France join with Russia? Alsace and Lorraine. What did Russia want? Constantinople. Why did England join them? Because Germany had become too strong for her. By peaceful toll. And what did we want? Lord Grey says that Germany with her first offer of Belgian and French integrity wanted to purchase from England permission to take of the French colonies whatever she pleased."

"Even to the most insane person in Germany it never occurred to assault France in order to rob her of her colonies. It was not this which was Europe's doom, but the fact that the British government favored French and Russian plans of conquest which could not be obtained without a European war."

Ask for the new Berwick Arrow collar at Tomlinson's.

PLANNING CEREMONIES

Chicago, Illinois, November 9.—Republican victors in the Illinois state election have already begun planning elaborate inauguration ceremonies at Springfield. January 3th, it was announced tonight by Chairman Fred E. Sterling of the Republican state committee. Sterling said marching clubs from all parts of the state will participate in the ceremonies.

WILL INSTITUTE PROCEEDINGS FOR RECOUNT

(Continued from Page 1.)

the "white light" district, when beams of light from searchlights in the towers of lofty buildings flashed the announcement that Mr. Wilson had been re-elected. There was tumultuous cheering and several impromptu parades were organized. Only a few minutes earlier Mr. Hughes had strolled a few blocks from the theater he had attended to his hotel, but the result in California had not been definitely determined then.

The republican nominee was recognized and cheered by many in the throng. He smiled and raised his hat in reply after he reached his room in the hotel he was shown a telegram announcing that California had gone for President Wilson but his secretary announced that he had no comment to make.

RECOUNTS PROBABLE IN ALL CLOSE-VOTE STATES

Republican National Chairman Asks: Everything Necessary to Safeguard Our Interest? Will Be Done—Hughes Attends Theater.

New York, Nov. 9.—Charles E. Hughes spent today studying election returns. The nominee and his wife remained indoors except for a two-hour motor ride in the afternoon, but decided to relax the vigilance of their watch tonight and went to a theater.

Mr. Hughes' day was punctuated by conferences with William R. Willcox, the Republican national chairman; George W. Wickersham and Everett Colby and George W. Perkins of the Republican campaign committee.

Mr. Willcox assured the nominee of his conviction full returns would show the success of the Republican ticket. To this Mr. Perkins added assurances that California, Minnesota and New Mexico undoubtedly would be found in the Republican column after the count had been completed.

Mr. Wickersham declined to comment on his visit to the nominee as did Mr. Colby. Mr. Willcox, on leaving, said there probably would be recounts in all the states where the vote was close and that he would do all that was necessary to "safeguard our interests."

For the first time in three nights the nominee's personal staff was given an opportunity to get a full night's rest. Mr. Hughes dismissed them all when he went to the theater, and smilingly instructed them not to return until tomorrow. He declined to discuss the situation, saying he preferred to say nothing until the returns from doubtful states were all in.

MINNESOTA STILL IN DOUBTFUL COLUMN

Hughes Maintains Slight Lead Over President Wilson—Guardsmen on Border May Be Deciding Factor.

ST. PAUL, Minn., Nov. 9.—Three nights of unofficial canvassing have failed to take Minnesota from the doubtful column of the presidential race. Charles E. Hughes maintained a slight lead over President Wilson throughout today, but politicians of both parties declared tonight that only the official count would settle the presidential contest. When returns had been received from 2,949 precincts out of 3,924 in the state Mr. Hughes had a plurality of 672 the count stood:

Wilson 175,558
Hughes 174,239

Except for president, Minnesota delivered its customary big Republican majority as shown in the pluralities of Governor J. A. A. Burnquist and Frank B. Kellogg, candidate for the United States senate.

Republicans also were uniformly successful on the balance of the state ticket.

Several prominent politicians expressed belief that the vote cast by the Minnesota guardmen at the Mexican border would be the deciding factor in the presidential contest. The commissioners who took the border vote Tuesday telegraphed the secretary of state that 2,138 guardmen had voted.

The state canvassing board is to meet next Tuesday to check the tabulation sheets sent in by local officials to county auditors and by the county auditors to Secretary of State Schmahl, who takes charge of them. At that time the result of the guardmen's vote will be known.

Returns from a village on the Lake of the Woods must be brought across Canadian territory to the county seat of Beltrami. Some of the election officials in small towns mailed their tabulation sheets without notifying the county auditors of the results. Some more interested in local fights and figuring that Minnesota would give its usual Republican majority for the national ticket, delayed counting the presidential returns.

MONTANA Y. M. C. A.

Great Falls, Mont., Nov. 9.—Delegates representing the various branches of the Young Men's Christian Associations throughout Montana assembled here in large number today for the opening of the annual convention of their state organization. The sessions will continue over Sunday. The principal business of the convention will be the election of members of the state committee and the consideration of methods of the association work. Several well known Y. M. C. A. workers from outside the state will be heard at the general sessions. F. B. Reynolds, of Billings, is presiding over the convention.

APPROPRIATION BILL.

Paris, Nov. 9.—Alexander Ribot, minister of finance, today introduced in the chamber of deputies a bill appropriating for the quarter of 1917, \$532,000,000 francs for general purposes including the war and \$24,000,000 for supplementary appropriations. The daily expenditures of France now exceed 105,000,000 francs.

DEMOCRATIC SENATE AND HOUSE INDICATED

Senate Is Assured for President With Four Plurality in House at Latest Figures.

New York, Nov. 9.—Congressional election returns which were nearly completed tonight assured President Wilson a Democratic senate, but with but five districts still undecided the best that the Democrats could claim at midnight was a plurality of four votes in the house.

Upon the basis of revised returns the Democrats have elected 215 members of the house and the Republicans 211. In addition there have been elected one independent, one Socialist, one Progressive and one Progressive protectionist. Four districts in West Virginia, two of them normally Democratic, and two Republican and one district in New Mexico are still undecided. If these districts do not change the Democrats will have 217 and the Republicans 214, a plurality of only three. As there will be four members of other minority parties a working majority for the Democrats is improbable unless some of the minority members should choose to cast their lot with the administration forces.

The senate, according to latest figures will consist of 54 Democrats and 42 Republicans, a majority of twelve. The Democratic majority in the present senate is sixteen. The only development in the senatorial situation today was the strongly indicated election of A. A. Jones, the Democratic candidate in New Mexico, who was leading his Republican opponent, Frank A. Hubbell, by a majority which Democratic leaders regarded as safe.

An unusual feature of the result is the election of the first woman to congress, Miss Jeanette Rankin, Republican, apparently having been elected in Montana.

ADD DEMOCRATIC SENATE

1916 1917 1918 1919 1920

The house according to latest returns will be divided as follows:

States	Rep.	Dem.	Others
Alabama	10		
Arizona	1		
Arkansas	7		
California	5	6	
Colorado	1	3	
Connecticut	4	1	
Delaware	1		
Florida	4		
Georgia	12		
Idaho	2		
Illinois	21	6	
Indiana	9	4	
Iowa	19	1	
Kansas	3	5	
Kentucky	2	9	
Louisiana	7	1 (a)	
Maine	4		
Massachusetts	41	4 1 (b)	
Maryland	2	4	
Michigan	12	1	
Minnesota	8	1 1 (a)	
Mississippi	8		
Missouri	2	14	
Montana	1	1	
Nebraska	3	3	
New Hampshire	2		
Nevada	1		
New Jersey	9	3	
New Mexico		1 (c)	
New York	26	16 1 (d)	
North Carolina	19		
North Dakota	3		
Ohio	9	13	
Oklahoma	2	6	
Oregon	3	6	
Pennsylvania	30	2	
Rhode Island	2	7	
South Carolina	2	1	
South Dakota	2	8	
Tennessee	18		
Texas	18	2	
Utah	2		
Vermont	2		
Virginia	1	9	
Washington	4	1	
W. Virginia	1	1 4 (c)	
Wisconsin	1		
Wyoming	1		

Totals 211 215 9

(a)—Progressive.
(b)—Independent.
(c)—Doubtful.
(d)—Socialist.

The only possible chance for the Democrats to obtain a majority in the house will be the election of Democrats in all the five doubtful districts. This would give them 229 and a majority over all of five. Until a late hour the Democrats had a plurality of six and a possible majority of one but revised returns from New Jersey indicating the defeat of Representative Thomas J. Scully, changed the result. Scully apparently has been defeated by Robert Carson, Republican. With only three precincts missing the vote stood 22,127 for Scully to 22,213 for Carson a majority of 86.

NO W. R. C. MEETING.

On account of the special meeting Thursday, there will be no meeting of the Woman's Relief Corps this afternoon.

SHELL GERMAN U-BOAT

Berlin, Nov. 9.—By Wireless to Sayville.—Reports from Christiania say a Russian torpedo boat destroyer shelled on Nov. 2nd, a German submarine while the Russian was between two and a half and three miles from the Norwegian town of Homen near Vardoe and with the submarine from three to four miles distant from the Norwegian coast.

The Norwegian government, according to the dispatch which was received by the Overseas News Agency has instructed the Norwegian minister at Petrograd to protest against this new alleged violation of neutrality.

WILL DISCUSS ORGANIZATION.

Chicago, Nov. 9.—Republican state senators will confer at the Hamilton club in Chicago next Saturday to discuss organization of the new senate. Senator Samuel A. Eitelson announced tonight.

PLANS NEW ROLE.

Washington, Nov. 9.—In the conventional garb of the role, including the beard, Sarah Bernhardt gave a new interpretation here tonight of Shylock in the Merchant of Venice. It is said to be the first time any woman has played the part.

HAS GOOD CHANCE

TO WIN ORATORICAL

Henry H. Caldwell, Prof. J. G. Ames, Ralph Baker and Robert NeSmith left Thursday evening for Galesburg and tonight will represent Illinois college in the intercollegiate oratorical contest. The theme of Mr. Caldwell's oration is "The Laurel and the Bay." It treats of Edgar Allen Poe and his place in literature and, according to the testimony of

those who heard its delivery Thursday forenoon, has excellent opportunity of winning the contest.

Francis Taylor, Charles Capps and Robert Capps will leave for Galesburg this morning.

G. A. R. ATTENTION.

Regular meeting this evening at 7:30. John Minter, Com.; C. E. McDougall, Adj.

THE DELTA CLUB

The first dance in a winter series of five was held last night at the Peacock Inn, members of the Delta Dancing club to the number of fifteen and their friends, enjoying a pleasing program.

Mrs. H. E. Harrison of South Prairie street has returned from a visit in St. Louis.

PAPERS COMMENT MRS. REID'S SINGING

Jacksonville Soloist Very Successful
In Present Tour—Press Comments.

Iowa Papers have recently printed very complimentary notices on the singing of Mrs. Helen Brown Read of this city, who is engaged in a concert tour as a member of the Salvi-Read-Harris Company. Notices from some Iowa papers follow:

"Mme. Read, the soprano soloist, grew upon her audience with dulcitude. The maturity of the voice was excellently suited to the first numbers—the one from Tannhauser and the two compositions of Strauss. "Perhaps the audience in general was better pleased with the second group so delightfully sung by Mrs. Read. The group might almost be called one of 'Nature Studies,' so full were they of bird voices, crying waters, trailing arbutus and over all and through all the hint of hidden strength in her voice. "When the Bobolink Songs' was written for and dedicated to Mme. Read by the composer, Jeanne Boyd, and the smooth rippling tones the singer gave forth brought an appreciative encore."

"The closing number, 'Barcarolle,' from Tales of Hoffman, was sung by Mme. Read with harp accompaniment by Salvi and was the first time the two artists had ever sung the appealing strains together—sung—for Salvi sings with his glittering harp as surely as Mme. Read sings with her wonderful vocal harp."—Daily Freeman-Tribune, Webster City, Ia., October 12, 1916.

"The recital of last evening was a first-class performance and was thoroughly enjoyed from beginning to end. Encores followed each group of selections, and still the audience clamored for more after the final number. The program was pleasing from every standpoint, containing many of the really beautiful things offered in metropolitan musical circles."

Mme. Helen Brown Read made a most pleasing impression, and won many friends upon their first appearance in Winona. Mme. Read has a voice of exceptional power and quality, which is well adapted to the big things in music. Her numbers by Strauss were especially fine as was the entire group from the classics."—Independent, Winona, Minn., October 19, 1916.

"But Salvi was not the only particular star. Mrs. Helen Brown Read, pulchritudinous to the eye and good to the ear, sang a program of more than a dozen numbers with encores and steadily grew upon her audience, her tones adding volume and sweetness as the numbers increased. Mrs. Read needs a big orchestra for a setting to her voice to fully complement its depth, strength and resonance, she adapted its possibilities to the piano, which was in most capable hands, and sang with delicacy and sweetness in the lighter numbers. Mrs. Read adds to her art a charming and gracious personality and the maturity and dulcitude of her voice enables her to give a most ambitious program."—Globe-Gazette, Mason City, Iowa, October 24, 1916.

"In presenting Sir, Salvi, Mme. Read and Mrs. Harris in a joint recital last Friday evening, the Music club gave Litchfield one of the rarest musical treats of many seasons. * * * Mme. Read's art as song interpreter is exquisite. Her voice is a high soprano of great purity and charm and arouses the keenest enthusiasm. One of her songs, 'Arbutus,' composed by C. W. Best, was unusually delightful and of interest to the audience."

"Helen Brown Read, with a clear and charming voice, delighted the audience with two groups of songs, 'The Crying of Water' and 'Arbutus,' being two of the most popular numbers given on the program. The wide range and clarity of her voice is in the 'Dieu Theuer Halle' and in an encore Mme. Read sang 'In the Time of Roses,' with harp accompaniment. The concluding number of Mme. Read, the 'Barcarolle,' from Tales of Hoffman, came as a fitting climax to the evening's program."—Morning Times, Mason City, Iowa, October 24, 1916.

"Helen Brown Read, dramatic soloist, who appeared here last year in a concert course, again delighted her audience last evening. During the summer season she has been appearing weekly in engagements at Atlantic City."—Independent, Sioux Falls, S. D., October 31, 1916.

ELMER FLYNN OF CHAPIN KILLED BY FREIGHT

Met Death Under Wheels of C. B. & Q. Local South of Concord Thursday Evening Was Walking on Track in Company With J. C. Cull.

Elmer Flynn of Chapin was struck by a north-bound C. B. & Q. local freight train at 5:25 o'clock Thursday evening and instantly killed. The accident happened four miles south of Concord as Flynn, in company with J. C. Cull was walking the track. Both men have been employed as corn shuckers recently in the Chapin vicinity. "Red" Flynn, as he was known to many, was known as a man of temperate habits. His companion, it was said last night, was under the influence of liquor at the time. This circumstance, together with the failure of Cull to give a satisfactory account of the accident, caused his detention and he was held by Chapin authorities thru the night to await a further investigation.

Coroner Wright was notified and 9 o'clock Saturday morning was named as the time for the inquest. The body of Flynn was mutilated almost beyond recognition, the wheels passing directly across the trunk. The head was badly crushed. J. G. Reynolds was called and the body was brought to his undertaking establishment.

Flynn was reared in Brown County and has a sister residing near Concord, Mrs. Stephen McDaniel. He had worked near Chapin during the past two or three years.

PHYSICIANS GATHER FOR GOOD PROGRAM

Three Interesting Papers Given Thursday Afternoon at Annual Meeting of Western Illinois District.

Three interesting papers were presented Thursday afternoon at the annual meeting of the Western Illinois District Medical Society, in session at Passavant hospital. In his paper on "The Relationship of the Radiographer to the Physician, Surgeon and Dentist," Dr. H. A. Chapin of this city emphasized the fact that the X-ray has ceased to be a luxury and has become a necessity in all branches of practice. Roentgenography is daily broadening its field of usefulness. Many diseased conditions can not be diagnosed correctly without its use.

Dr. E. L. Crouch, in discussing "Infantile Paralysis," spoke of a number of erroneous impressions concerning transmission of the disease, which have recently been done away with. "Impressions of the Surgical Congress" was the topic of Dr. F. A. Norris, who mentioned some interesting cases, discussed by eminent authorities at this great clearing house of professional information.

Owing to calls for operative cases, several physicians announced to appear on the program could not be present. Clinics were held at both hospitals in the forenoon. At 12:30 o'clock lunch was served at Passavant hospital.

The next meeting will be held in Jacksonville. Dr. L. O. Frech of White Hall was elected secretary-treasurer, succeeding Dr. Kirk Shawgo of Quincy. Dr. W. P. Duncan was re-elected president and Drs. C. W. Pfeiffer of Quincy and J. W. Eckman of Winchester were re-elected first and second vice president.

See our new line of double stitched and form fitting collar. T. M. Tomlinson.

ENSEMBLE EVENING AT WOMAN'S COLLEGE

Meritorious Program Given By Mrs. Day and Mr. Stearns.

The ensemble in music hall at Illinois Woman's college Thursday evening given by Mr. Stearns and Mrs. Day, consisting of two sonatas, one from the old Italian and one from the old French school, proved a most enjoyable event. An enthusiastic audience added zest to the playing of the performers.

The evenings of similar nature given during the previous school year lead people to expect much and no one of the many present was disappointed. Mrs. Day's beautiful tone, her fine bowing and the finished playing of the embellishments that adorned the music of the old schools was most satisfactory. Mr. Stearns' playing was very sympathetic and gave splendid support, thru his musical understanding of early compositions.

Sonatas of this period constructed so largely out of the dance forms, gave a great variety of rhythm, which rhythms were most beautifully given by both players last evening. Mrs. Day's success leads the musical public to look forward with eagerness to her recital to be given Thursday evening, December 14.

Mrs. Hartmann, who sang one number from the old Italian school and three from the old French most beautifully, bore out the spirit of the evening. Her lovely contralto voice and smooth singing portrayed the true artist. The Woman's college has reason to be proud of its three members of the faculty who delighted the large audience present.

The program was as follows: Sonata in E minor, Veracini 1655-1759; Ritornello, allegro con fuoco, Menuet, Gavotte, Gigue, Mrs. Day and Mr. Stearns.
Ah Rendimi quel Cor (1689), Rossi 1640-1719, Mrs. Hartmann.
Sonata No. IX, J. B. Senaille 1678-1730, Adagio, Corrente, Sarabande, Gigue, Mrs. Day and Mr. Stearns.
Plaisir d'Amor, Martini 1706-1784; Bois Epais (1683), Lully 1633-1687; Divinites du Styx (1767), Gluck 1714-1787, Mrs. Hartmann.

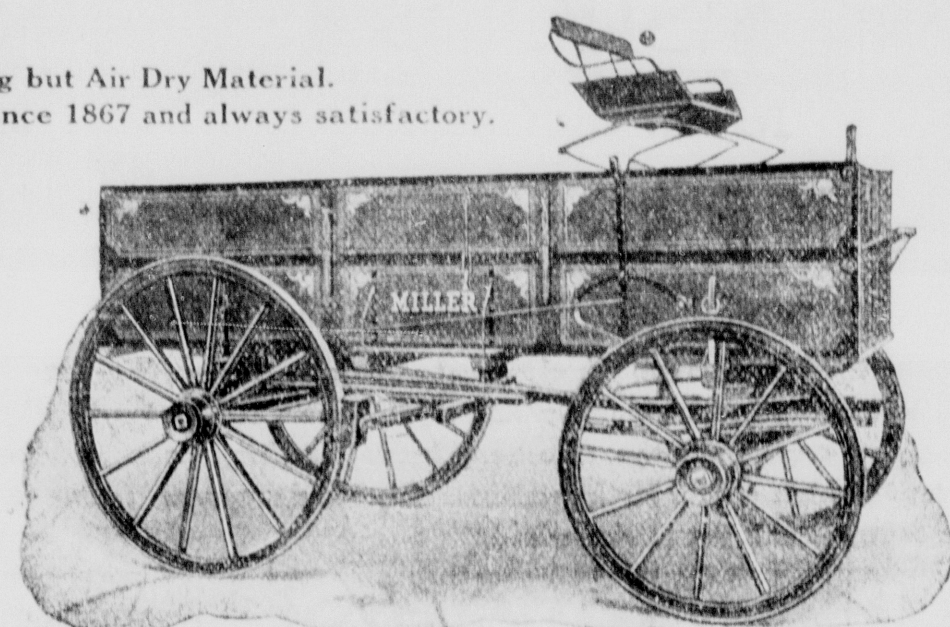

FUNERAL NOTICE.

The funeral of Mrs. Joseph Hem-brough will be held Saturday morning at 10 o'clock from the residence, 851 Hardin avenue.

Charles T. Mackness, Pres. M. R. Range, V. P. and Secy. Thos. C. Hagel, Treas.

THE MILLER WAGON

Nothing but Air Dry Material.
Built since 1867 and always satisfactory.

For light and staying qualities the Miller has never been equaled. Straight grain, air dried hickory axle, white oak hub and spokes, carefully selected white oak gear except axle. Cast skien. This wagon is used in the roughest of rough territory and has always pleased its owner—for it stands up. Choice paint and all hand painted, extra fine finish. If in need of a good article—worth the money—let us show you this farm wagon. It means money saved to you if you buy.

CANVASS OF COUNTY VOTE HAS BEGUN

C. W. Boston and Fred B. Henderson are Watching Results — Judge Jones of Springfield Named for Legislature Over E. L. Merritt.

The work of canvassing the returns in Morgan county was commenced Thursday by the election board, consisting of County Clerk Boruff, S. J. Camm and J. Harry Beers, justices of the peace. The canvass of returns on county and district officers was completed for the county precincts and Jacksonville Nos. 1 and 2. Charles W. Boston and F. B. Henderson, who were candidates for circuit clerk in the recent election, are watching the proceedings with interest as the vote between them is very close.

In Alexander Mr. Henderson, who had previously been given 139 votes, made a gain of 5. There were no changes in the other precincts on this office, altho there were quite a number of changes from the published returns on other offices but none which in any way affected the result, as the majorities except in the case of Mr. Henderson and Mr. Boston were very decisive. For example, Franklin No. 1 gave Charles A. Rose 128 instead of 126 and in Prentice he received 57 votes instead of 51 previously credited to him.

Judge Jones Elected

Still another very interested on-looker was Judge Clarence A. Jones of Springfield, who has been elected a member of the legislature from this district instead of E. L. Merritt. Judge Jones made a gain of 111 votes in Franklin, that number having been erroneously credited to his opponent, Mr. Merritt. But even without this addition Judge Jones had secured the election according to the figures compiled in Sangamon county from all precincts. Wednesday night in Springfield the returns tabulated indicated that the successful nominees for representative were T. E. Lyon, Jacob Frisch and E. L. Merritt, but errors were subsequently found which gave Judge Jones place over Mr. Merritt. The total vote in Sangamon county for Judge Jones is 14,569 and for Mr. Merritt 13,689. These figures gave Judge Jones a majority over Mr. Merritt in Sangamon county of 879. Even before the error in the Franklin vote was discovered the Sangamon county majority was sufficient to give the election to Judge Jones.

Will Resume Canvass Today

The morning the canvassing work will be resumed and the expectation is that by noon the other Jacksonville precincts will have been finished—that is, with reference to the county and district. The only possibility of delay lies in the need there may be to have election officials summoned to explain any markings that the board cannot understand. Such action would naturally delay the work to some extent. When this part of the canvassing work has been done the board will then begin the canvass of the national and state offices and the vote on the various special questions submitted. The entire task cannot be completed until some time Saturday.

SHORTS \$1.75 CWT.

There is a scarcity of mill feed. We have a full and complete fresh and clean supply. We are overstocked on shorts and offer them for a limited time at \$1.75 per 100 lbs. Everything in feed delivered to all parts of the city. Cain Mills. Both phones, 240.

EXPRESS THANKS.

Altho I did not receive a majority of the votes cast in the election last Tuesday, I wish to express my sincere thanks to the many who gave me loyal support in my candidacy for county commissioner. I can assure all who voted for me that I fully appreciated their action.

J. L. McDonald.

Point Church market, Sat., Nov. 11, at 12 o'clock, in Dewart's window.

J. O. SEIBERT ELECTED.

W. T. Reaugh received word Thursday that J. O. Seibert of Williston, North Dakota, was the successful candidate for county clerk in Tuesday's election. Mr. Seibert, a son-in-law of Mr. and Mrs. Reaugh, was the Republican nominee and his plurality was 700.

PHILADELPHIA

Mrs. W. T. Melvin spent Sunday with her parents, R. H. Loudon, and wife near Garner Chapel.

Mrs. Pearl Peann and daughter, Roberta of Chandlerville, spent Sunday with her mother, Mrs. O. P. Shafer.

Mrs. Joe Eldridge and baby of Prentice was a Monday visitor with her parents, Ben Shortridge, and wife.

Mrs. John Williamson and daughter, Miss Jessie, Mr. and Mrs. H. B. Partillo attended the funeral of Mrs. G. W. Armstrong at Chandlerville last Thursday.

Warren Watkins and wife and Mrs. Frank Greenwood and daughter, Lorena were shopping in Jacksonville last Thursday.

Mr. and Mrs. B. O. Springer were in Beardstown Sunday to attend the funeral of Mr. Schiever.

Mr. and Mrs. John Will Middleton of San Jose were Sunday guests of Ed Heady and family.

Richard Swartwood, son of Ed Swartwood, returned home Sunday from the St. John's hospital in Springfield where he was operated upon for relief of appendicitis.

Dr. Perkins and wife of Franklin were Sunday guests of Robert Colpitt and wife.

Mrs. Jerry Lashbrook and children were shopping in Virginia Tuesday.

Jacksonville Chapter No. 3, R. A. M. will hold a special convocation this evening. Work in R. A. Supper at 6 o'clock. Visiting companions welcome. E. C. Ransdell, E. H. P. John R. Phillips, Secy.

DRYS MADE GAINS IN THE ELECTION

Notable Victories in Six States for the Anti-Liquor Forces.

Six states went over to the dries in the election Tuesday. The list includes Michigan, Nebraska, South Dakota, Utah, Florida and Montana. The victory places 25 states positively in the dry column—Maine, Kansas, Georgia, Mississippi, North Carolina, North Dakota, Oklahoma, Tennessee, West Virginia, Colorado, Virginia, Arizona, Washington, Oregon, Alabama, Arkansas, Iowa, Idaho, South Carolina, Michigan, Nebraska, South Dakota, Utah, Florida and Montana. Add to these the territory of Alaska, which voted Tuesday to oust saloons.

The majorities rolled up for prohibition in the six states won Tuesday were so decisive as to permit no other interpretation than that the nation is saloonless bound and will arrive in 1920 prohibition leaders said.

We regard the backbone of the liquor traffic as broken by Tuesday's results," said Virgil G. Hinslaw, the chairman of the prohibition national committee today. "Victory for prohibition is assured for 1920."

In addition to winning six states the prohibitionists also elected Charles H. Randall to congress from the ninth California district and are claiming the election of Atwood from the eleventh district of the same state and many state senators and representatives scattered broadcast throughout the country.

The prohibitionists regard Michigan as their greatest victory. "They have said," declared Chairman Hinslaw, "that we never could win a great industrial state. Michigan is one of the greatest industrial states in the union. There can be no answer to all this. It is this—nationwide prohibition is on the way and its arrival is scheduled for 1920."

ELLIOTT STATE BANK

Savings deposits made during the first ten days of November will bear interest from the first of the month.

STRAWN'S CROSSING

The Strawn's Crossing Woman's club met yesterday afternoon with Mrs. Alvin McDonald. A good attendance was a feature of the meeting which was very profitable and enjoyable. Mrs. Tina Foster read an excellent paper on Jacksonville and Morgan county and Mrs. T. Deaton read a well prepared paper on what the club means to the neighborhood. Excellent refreshments were served during the afternoon. The next meeting will be held with Mrs. Homer Cully, Nov. 21st.

LOWDEN STARTS FOR VACATION

Republican Governor-Elect Seeks to Escape Job Hunters—Some of the Positions He Will Fill.

Colonel Frank O. Lowden, governor-elect of Illinois, has repeatedly declared that he has made no promises as to appointments to positions which will be under his control. There is no question, however, but that Colonel Lowden has given some consideration to the important question of choosing men for various positions, for upon his choice will depend much of the success of his administration. In order to escape pressure from hundreds anxious to secure positions Colonel Lowden will leave today for a brief period of rest, some of the appointments at his disposal are as follows:

Five members utilities commission, \$10,000 each.

Five members board of administration, \$6,000 each.

Five members waterway commission, \$6,000 for chairman and \$5,000 for others.

Three members industrial board, \$5,000 each.

Secretary utilities commission, \$5,000.

State superintendent of printing, \$5,000.

State architect, \$5,000 and fees.

Insurance commissioner, \$5,000.

Three members rivers and lakes commission, \$5,000 for chairman and \$3,500 for others.

Secretary rivers and lakes commission, \$3,600.

Three members board of pardons, \$2,500.

Food commissioner, \$3,600.

Three members highway commission, \$3,500.

Highway engineer, \$4,000.

Chief inspector employment agencies, \$3,600.

Three members game and fish commission, \$4,000 for chairman and \$3,000 for others.

Three members civil service commission, \$4,000 for chairman and \$3,000 for others.

Fire marshal, \$3,000.

Chief factory inspector, \$3,000.

Three members each of Joliet and Chester penitentiary board, \$1,500 each.

Warden Chester penitentiary, \$5,000.

Five members Pontiac reformatory board, \$1,200 each.

Superintendent Pontiac reformatory, \$4,000.

Chief train inspector, \$7,000.

NOTICE

Positively no hunting with gun or dog allowed on the Mary A. Baldwin farm, north of town by order of H. E. Garrison.

SPECIAL ADDRESS BEFORE WOMAN'S CLUB

The regular monthly meeting of the Woman's club will be held in academy hall Saturday afternoon, November 11 at 3 o'clock. The workers of the Jacksonville organization of Associated Charities have been invited to join with the Woman's club in this meeting. Invitation also has been extended to representatives of other philanthropic organizations to attend the meeting. Discussion will follow the address of Miss Bergen.

Arrangements also are being made for evening meeting in near future under the auspices of the Associated Charities in which the Woman's club will join. At this meeting Hugh Masill, superintendent of schools of Springfield, will present "Co-operative plan of Charity Work."

The program Saturday follows: "Barcarolle" and "Humoresque" from the suite for piano and violin by York Downen. Mr. William E. Kriteh and Mr. Edmund Munger.

Address—Modern Methods in Relief Work. Mrs. Margaret Bergen. Russell Sage Foundation Expert and Superintendent of United Charities, Springfield.

ATTENTION DOCTORS.

The doctors of Jacksonville and Morgan county are requested to meet at 1:45 p. m. today at the office of Dr. T. O. Hardesty, 336 West State street, to attend the funeral of the late Dr. S. B. Gailey.

T. O. Hardesty, secretary Morgan County Medical association.

Engraved Christmas cards at North Side Drug Store. Can use your old plate for name, furnish new plate, or leave space for signature. Neat, tasty designs. Don't delay ordering. Clarence L. DePew.

LEADERS CONSIDER ELECTION CONTESTS

Close Vote Brings Possibilities of Legal Proceedings

Votes for Presidential Electors May Be Decided in Courts in Several of the Close States—Electors Regarded As State Officers—Federal Government Not Concerned Even If Fraud Is Shown.

Washington, Nov. 9.—Government officials here were deeply interested and not a little concerned over today's announcement from Democratic and Republican campaign leaders that contests might be expected with a possibility of legal proceedings over the votes for presidential electors in several of the close states.

Examinations of the decisions of the supreme court and of the revised statutes disclosed that electors are mainly regarded as state officers. The highest court has held in two leading cases that questions of their proper or improper choice are for state election officers or state courts to determine and that the federal government is not lawfully concerned even if fraud is shown.

The revised statutes provide that the electors shall meet in each state and "give their votes" on the second Monday in January following election at places to be designated by the state legislatures. In the ordinary course of proceedings where the right of the electors to sit is uncontested their votes would be counted in the house of representatives here on the second Wednesday in February and this would be the legal end to the election.

The situation further provides that where a state shall have laws made prior to the election determining methods by which controversies or contests over electors shall be settled, whether by judicial proceedings or otherwise, these laws "shall be binding and shall govern in counting the electoral vote."

Officials here were under the impression that it would be found that all the states that may be involved in contests have laws of this character.

Aside from the direction that the electoral votes of all the states be counted in the house on the second Wednesday in February there seems to be nothing to indicate just how much latitude a state might have in determining contests so as to have its vote counted at the fixed time.

The statutes provide that the vote of the states be forwarded to Washington "forthwith" after the electors meet on the second Monday in January and also say that whenever the certificate of any state as to its electors has not been received in Washington on the fourth Monday in January a special messenger shall be sent to the district judge in that state, in whose hands one certificate must be lodged and he is required "forthwith" to forward his certificate to the capital.

When congress meets to receive the votes it is still possible for a majority to reverse the certificate results from any state in certain cases. As the votes are read to the joint session, the statutes give the right to any member of either house to object, the objection to be considered in separate session. Where only one return has been made from a state, congress cannot overturn the certified result, except the two houses concurrently may reject any vote where it appears not to have been given by the properly chosen electors. Where more than one certificate for a state has been sent, the vote of those electors who the two houses shall concurrently decide have been supported in a contest by the state authorities, shall be received and accredited. Where there has been no determination of a contest by state authorities and there is more than one certificate returned the choice as to those properly selected is with the two houses. If the two houses disagree the certificate signed by the executive of a state concerned shall be binding and the votes so certified counted.

The constitution provides that where an election is thrown into the house a selection must be made by the fourth of March following the election but this apparently is intended only to cover cases where there is a tie and whether it applies to those where there is a dispute over electors from a state or states is not clear.

Upon the question of state jurisdiction over choice of electors several cases have been before the supreme court but apparently none directly on the question of jurisdiction over a recount of such electoral votes. In 1890, in a Virginia case upon prosecution for fraudulent voting for electors, Justice Gray said the only powers of the federal government with regard to the appointment or the votes of presidential electors are "those which authorize congress to determine the time and the day on which they shall give their votes, and which direct that certificates of their votes shall be opened by the president of the senate in the presence of both houses and the votes be then counted. Altho electors are appointed under the constitution they are no more officers or agents of the United States than are members of the state legislatures when acting as electors of federal senators. In the Hays-Tilden contest of 1876, before a joint congressional commission it was held that the states and not the federal government provide the means for verification of the returns on votes cast for electors.

FUNERAL NOTICE

The funeral of the late Dr. Byron S. Gailey will be held this afternoon at 2 o'clock at the residence, 340 West State street. The services will be in charge of Rev. M. L. Pontius.

The best grades at the fairest prices. A car shortage is already bothering the mine operators and may get worse. Why delay?

Simeon Fernandes Co.
Both Phones.

SOME FACTS ABOUT THE CAR SHORTAGE

Railway Age Points to Reason Underlying the Present Conditions Resulting From Freight Congestion.

The present car shortage, the most serious which has ever occurred in this country, is attributed by the Railway Age Gazette, in an editorial in its current issue, to the system of regulation which has been in force for the last ten years. The freight car situation is deplorable. But it is more accurate to say that the situation with reference to facilities in general is deplorable. The railways get all the blame. They can not deliver cars to the shipper when they do not have the cars. They can not get the cars until the manufacturers have built them. The cars can not be built until they have been ordered, and they can not be ordered until the railways have money with which to pay for them. For the last few months they have been getting the money and they are ordering the cars. But it takes time to build cars, and not enough of them are on the rails as yet to do much good. Up to fifteen months ago it would have been easy to get cars built without delay; but then the railways did not have money enough to buy them.

"The essential vice in the policy of regulation," says the Railway Age Gazette, "which causes it to contribute toward the development of such conditions is that it so controls the rates of the railways that most of them do not in fat years earn enough money to offset them over the lean years. Consequently, in the lean years their expenditures for maintenance, and for improvements and increases of facilities, are restricted to the utmost in order to keep them out of bankruptcy, and they can not in the fat years make large enough expenditures for maintenance and large enough investments in improvements to offset the heavy retrenchments made in the lean years. A policy which does not recognize the fact, as our policy of regulation does not, that every industry has to go thru bad as well as good years, but which on the contrary is predicated on the assumption that rates which are barely sufficient for prosperous years will be sufficient at any time, is bound at frequent intervals to give rise to such conditions as those with which the country is now struggling."

More Cars in Service.
"The changes which have taken place in the car situation are, perhaps, best indicated by the increases which have occurred in the number of freight cars in service and in their tonnage capacity. The statistics of the Interstate Commerce Commission regarding the tonnage capacity of cars begin with the year 1903. The period from 1903 up to the panic in October, 1907, was one of rapidly-increasing business and large purchases of equipment. Most of the vast number of cars ordered in 1907 were delivered in the fiscal year ended on June 30, 1908. Therefore, the year period, from 1903 to 1908, affords an instructive basis for comparison. The increase in the total number of freight cars in service in that five years was 435,520 and the increase in their tonnage capacity was 24,133,384 tons. Since then the railways have had some years of good business, but most of them have been bad, and therefore there was a heavy decline in the orders for equipment. This is reflected in the statistics of the Interstate Commerce Commission. Between the end of the fiscal year ended June 30, 1915, the increase in the total number of freight cars in service was only 229,093. This was 206,517 less than it was in the preceding five years. The increase in the tonnage capacity of the cars in service was only 13,318,787 tons. This was 4,814,597 tons less than it was in the preceding five years."

Surplus Changed to Shortage.
"In spite of the fact that the increases in the number and capacity of freight cars in the seven years ended with 1915 were much less than in the preceding five years, this latter period of seven years was almost constantly one of enormous car surpluses. Even as late as August 1, 1915, the net surplus of freight cars in the United States was 264,243. Then with amazing suddenness came the big increase in traffic with which the railways have been struggling ever since. "The statistics of the Railway Age Gazette show that in the first ten months of 1915 they ordered only 67,781 cars, while in the corresponding months of the calendar year 1916 they ordered 89,323 cars. In the week ended November 4, 1916, all records for the year were broken, when the orders for freight cars aggregated 15,043."

"Unfortunately," says the Gazette, "the number of cars now being ordered is no indication of the rapidity with which the present acute situation will be relieved. In the first place, the manufacturers are so deluged with orders that it will be many months before they will be able to fill those they already have, and, in the second place, the present trouble is not merely a shortage of cars, but a shortage of transportation facilities of all kinds. The term 'car shortage' is now, as always, merely a misnomer used to describe a condition resulting from the inability of the roads to supply facilities enough of any kind to handle the business available."

"It is a significant coincidence that the country is confronted with the worst car shortage and congestion of traffic in its history just when the Newlands committee is getting ready to begin its investigation of the entire subject of regulation of railways. The best evidence of the need for this investigation is the present traffic situation. It is not only a natural but an inevitable result of the policy that has been followed for ten years, and unless this policy is reformed crises such as the present one are going to become more frequent and violent."

J. E. Popejoy of Bloomington, was a Thursday business visitor in the city.

ASK GOVERNMENT TO CUT ALCOHOLIC SALES

Vast Petition is Circulated Among British—Not Temperance Reformers in Usual Sense But See Great Present Need.

London, Nov. 9.—A petition is shortly to be presented to the British government by the "Strength of Britain Movement," asking that the British government follow the lead of the greatest of the Allies to prohibit the sale of alcohol. This remarkable appeal has already been signed by one thousand representatives of the brain power of the nation, including leading officers in the army and navy, directors of munitions, privy councillors, prominent men in literature, art and music, finance and industry, university and college professors, heads of public and secondary schools, prominent scientists and medical men.

The memorial claims that "two grave dangers stand before the country, holding back the power of early victory and throwing a shadow over the vision of infant life. One is the wasting power of alcohol; the other is the imperilling of infant life. Among all the factors of weakness these confront us with terrible vividness and they lie within our own control. With the weakening power of alcohol removed, our national effort against the enemy would gather increased strength; with the increased strength and more rapid supplies our losses in six campaigns would have been substantially reduced."

The following facts are given concerning the effect of alcohol:

"It hinders the army, delays, munitions, keeps thousands from war work daily, makes good workmen second-rate."

"Hampers the Navy, delays transports, places them at the mercy of submarines, slows down repairs and congests docks."

"Threatens the mercantile marine, absorbing during the war between 60 and 70 million cubic feet of space and retards building of ships."

"Destroys food supplies; in twenty months of war it consumes over two and a half million tons of food, with sugar enough to last the nation eighty days and uses up more sugar than the army."

"Wastes our financial strength; in the first twenty months of the war our people spent on alcohol three hundred million sterling."

"Diverts the nation's strength; it uses 500,000 workers, one million acres of land and one and a half million ton of coal yearly; during the war it has involved the lifting and handling on road and rail of a weight equal to fifty million tons."

"Shatters our moral strength; its temptations to women involve danger to children and anxiety to thousands of soldiers."

The appeal goes on to say that during the eighteen months since the government appointed the Board of Control the successful socially, has had little effect in the great industries on which the armies rely, and the men in the trenches are betrayed by an enemy at home.

Russia and her prohibition is made much of in the memorial which concludes:

"We are no temperance workers as such. We stand for the great desire of all good people to strike the mightiest blow for freedom of which Britain is capable. We support the demand for Prohibition made to the Government by its own investigators, and by the Shipbuilders' deputation, with not a teetotaler among them, in March, 1915. Believing in the Prime Minister's words, that 'No sacrifice is too great when freedom and honor are at stake,' and that rich and poor alike should bear it, we ask the government to suspend all drink licenses throughout the Kingdom for the period of the war."

"We believe a golden moment has arrived for our country; that, prepared for sacrifice by the example of the King and Lord Kitchener, the nation is ready for the natural step that France and Russia have already taken. The suspension of the liquor traffic during the war, the conversion of the public-houses into houses of refreshment, will quicken up our civil and fighting populations, will raise a new fire of resolution in our people and will give to millions the first opportunity they have ever had of breaking old habits of weakness and forming new habits of strength. "We believe that in this, as in all other vital issues, there must be sympathy of purpose and unity of action between the allied nations; and we appeal to the government to be bold and trust our people, to be strong and follow our Allies, to be worthy of the mighty destinies they hold in solemn trust."

—MANCHESTER—

Miss Addie Thurman left Wednesday for a visit with relatives in Pike county.

The M. E. Ladies Aid society held an all day meeting at the home of Mrs. Mary Rousey Wednesday. The ladies took their baskets of dinner with them. Work was done for Mrs. Jno. Thomas.

Miss Tessie Cochran was in Jacksonville Tuesday.

Several from here went to Jacksonville Tuesday night to get the election returns.

A large majority of the women of this place went to the polls Tuesday to cast their first vote in a presidential election. Automobiles were used to convey those who were unable to walk to the voting place. Considerable enthusiasm prevailed.

Mr. and Mrs. Jno. Thomas have received word of the serious illness of their daughter, Mrs. Rose Wells in St. Louis. She is ill with diphtheria.

Mr. and Mrs. Everett Curtis left Wednesday for their new home in Rincon, New Mexico. They will stop in Oklahoma City, Okla. for a visit. Mrs. Rolla Billings returned Thursday to her home in Chicago after visiting her father, E. L. Maine.

Mrs. Cennick Andras spent Wednesday in Murrayville with her parents, Mr. and Mrs. C. F. Strang.

Mrs. Wm. Pearce and daughter Louise went to St. Louis Thursday.

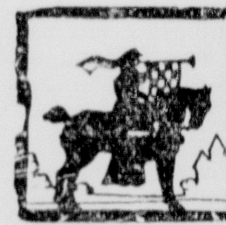

A new belt-back overcoat

Distinctively a young men's style by Hart Schaffner & Marx

IT'S a Varsity Six Hundred; the back is just as good looking as the front; ought to be, of course. This style is single or double breasted, belt at back; we have it also without the belt, with regular or adjustable collar. And of all-wool fabrics.

WINCHESTER

Mrs. Dan T. Smith and daughter, Sybil, were Jacksonville visitors Wednesday.

Mr. and Mrs. Fred Markille spent Wednesday and Thursday in St. Louis.

An error was made in reporting the sale of the Del Hazard property yesterday. It was stated that the purchaser was Wilfred Hamilton. The property was purchased by Edward Norman.

Mrs. Ada Lankford expected to leave Friday for a visit in St. Louis. She will be accompanied by her nephew, Frank Markille of Jacksonville.

T. B. Lyons and sister, Miss Catherine, Mr. and Mrs. John King and Miss Nellie Lashmet were Jacksonville visitors Wednesday afternoon.

Court was again in session this week, when the Scott county levee district came up for hearing. Thomas Worthington of Jacksonville was one of the attorneys in the case.

The Ladies of Circle 19 of the M. E. church spent Thursday at the country home of Mr. and Mrs. Grant Coultas. A quilting was enjoyed and at noon an excellent dinner was served by the hostess.

Mr. and Mrs. George Woodall returned home Thursday evening from Jacksonville. They report Mr. Robert Woodall, who submitted to an operation at Passavant hospital Thursday morning, as resting as well as could be expected.

The first returns on the vote for president in Scott county were given out Thursday. In South Winchester Hughes had 263 and Wilson 342. In North Winchester Hughes had 360 and Wilson 319.

REBEKAH LODGE MEETING

Five candidates will be received tonight at the regular meeting of Rebekah Degree Lodge No. 12. The drill team is in excellent training and a meeting of special interest is expected. Refreshments will be served in the course of a social hour which will follow the work.

THE DOUGLAS CAFE

has found a way to beat the high cost of living—plate lunch 25c including meat, vegetables, drink. 11 a. m. to 2 p. m. daily.

W. C. HURST IN CITY YESTERDAY
W. C. Hurst, general manager of the Chicago, Peoria & St. Louis railroad, was in the city on business yesterday. Mr. Hurst was in consultation with George W. Imgrund, superintendent of the local shops Thursday afternoon and left on the afternoon train for Springfield by way of Havana. He was returning from a few days' business visit in Louisville, Ky.

R. H. Landhorne of Alton, was attending to business matters in the city yesterday.

ARE PREPARING TO LAY WALK

Otis Hoffman was busy yesterday tearing up the old walk in front of Passavant hospital preparatory to laying the new concrete walk recently ordered by the city council.

M. V. Dally of Peoria, is visiting friends in the city for a few days.

SOME FARM THEMES

Sale of J. N. Osborne.

The sale of J. N. Osborne four miles southeast of Murraville on Thursday attracted a large gathering. Prices generally realized were reasonably good on most things. Young horses sold from \$30 to \$125. Some colts and aged animals also sold fairly well. Cows brought from \$50 to \$75. A crib of new corn brought 75 cents crib measure. Some long yearling steers and heifers went at low figures. Capt. J. E. Wright and son, C. Justus, were auctioneers.

The Ladies' Aid of Mt. Zion church served an excellent dinner.

Livestock Trade.

October livestock trade gave further evidence of the strength of the demand for meat, and should be encouraging to all producers. The Chicago market is the largest in the world and a fair indicator of livestock trade in all parts of the country. October cattle receipts at Chicago totaled 332,339 head, the largest supply for the month since 1907. The top of the market during the month, \$11.65, was the highest of the year, and a new October record. However, spread in prices was wide, supplies containing comparatively few good beef steers and much inferior stuff. Quality considered the market revealed great strength during practically the entire month. Usually a large share of the spring pig crop finds its way to market in October and this year was no exception. Chicago hog receipts were 781,023, the largest supply in 21 years. Hogs came light but prices were good. Even with very heavy receipts prices pushed upward during the month until a top of \$10.55 was reached the last week. Spread in prices widened on account of the large number of light, poor quality hogs received. Sheep receipts during the month were 577,354, considerably less than the October supply during the past

few years with the exception of October, 1915, when quarantine curtailed receipts at Chicago. Everything in the sheep line sold well during the entire month. Best lambs sold at \$11 and a little better, a new October record. Feeder lamb trade was fairly large at a range of \$9.75 to \$10.25 for the best sorts. High prices for both livestock and corn have been the main reasons for generous marketing during the month, and it is quite a safe assertion that the country is not overstocked with any kind of livestock today. It may be a good year to feed even the very high-priced corn. With trade conditions the world over more or less upset one guesses as to the future is about as good as another.—The Farmers' Review, Chicago.

Forcing Late Pullets.

Are your pullets laying? Pullets that do not begin to lay by the time freezing weather sets in will usually wait until spring, says C. S. Anderson in Farm and Home. This means a dead loss for several months. The average poultryman cannot afford this loss if he is raising poultry for egg production.

Pullets of the Mediterranean breeds hatched not later than May 1 and that have been reasonably well cared for during the growing period, will be laying before early winter. It sometimes happens that force of circumstances necessitates late hatching, and it is these pullets that must be pushed to get them ready to lay in the fall.

Feed a ration of high protein content including such feed as beef scrap, bran, middlings and oil meal. If skimmed or buttermilk is available it will be of value. Give the birds free range whenever it is possible. If they must be confined, supplement their ration with some green feed such as sprouted oats, green alfalfa, beets, cabbage, etc. Birds fed such feeds as above, kept free from disease, lice and mites, and given plenty of exercise will develop amazingly.

The Meaning of "Amortization"

Some people are bothered with the word "amortization," the new plan of paying off farm mortgage loans. In practice it is a system whereby you pay a small portion of the principal at every interest payment, and so retire your loan gradually. It will apply to the loans made under the new rural credits law. Boyle, of North Dakota, sends us the following simple illustration of the old simple-interest plan, compared with the amortization plan: "Farmer A borrows \$1,000 for 10 years at 6 per cent, simple interest. He pays \$60 a year interest, for ten years, a total of \$600. He now owes the principal in a lump sum, \$1,000, which he pays. He has actually paid out \$1,600. Farmer B, acting under the new amortization plan, also borrows \$1,000, for ten years, at 6 per cent. But he must pay on the installment plan. He pays \$135.87 at the end of the first year, and a like amount at the end of each year. At the tenth year, he owes exactly \$135.87. His tenth and last payment cancels the debt. He has actually paid out \$1,358.70, while Farmer A has actually paid out \$1,600."—Farm Life.

Tazewell County

ADVISER'S REPORT

Corn Yields.

A great many Tazewell county farmers are disappointed in the yield of corn. Some fields are not turning out nearly so much as the owners expected. The best yield reported to me so far was 62 bushels per acre at 75 pounds to the bushel. This is what A. B. Kennel of Minier is getting from his best field. Live stock farming and good rotation, together with heavy yielding strains of Reid's Yellow Dent corn are largely responsible for this good yield. Probably the method of cultivation also had considerable to do with it, for Arthur Kennel is one of the most up-to-date men in the county in methods of tending his corn crop.

Seed Corn.

One day I walked clear across a man's field of corn without finding a single first-class seed ear. The corn would make more than the average yield for good prairie land this year, but the seed corn had evidently been picked out so carefully that there was no uniformity in type and no ears that were properly filled out. In contrast to this is the production of one bushel of good seed corn out of every four bushels yielded in the field which Sommer Bros. of Pekin harvested from seed descended from their 1914 Champion Reid's Yellow Dent ear. Even the average run of Sommer Bros.' corn is turning out one bushel of splendid seed corn out of every ten bushels harvested. This shows how much can be done in securing a uniform type of corn, by breeding and selecting it intelligently. In the ear-to-row plot of Sommer Bros. the row planted from one good seed ear yielded more than half the crop good seed ears and less than half of the crop culls.

Pure Bred Hogs.

Several Farm Bureau members have made a strong start with pure-bred hogs in the last year. I was looking at the registered Chester Whites of Wilbert C. Sommer of Pekin the other day and noticed that he had a number of hogs which are better than those usually found in the herds of extensive and experienced breeders. C. L. Naffziger of Washington has also established a herd of Chester White hogs and is rapidly swinging from grade hogs into pure breeds entirely. W. H. Garber of Washington went into the Du-rac Jersey business and made tremendous strides the first year. Some time ago he sold a boar for \$500 to a party in a distant state. He had the courage to buy the best of breeding stock to start with and he knew how to handle hogs, so he is making a splendid success right from the start. Judging by what one sees around the county and the talk of farmers, it appears that the number of pure-bred hogs in the county is largely increasing. Those who have been making a success with ordinary market hogs are gradually turning their attention to registered stock. E. T. Robbins, Ill. Tazewell County Agricultural Agent.

GREAT BATTLE ON ILLINOIS FIELD TODAY

J. H. S. Beardstown Game This Afternoon Promises to be a Thriller Game Called at 2:30.

When Jacksonville lines up against Beardstown high on Illinois field this afternoon it probably will be the hardest battle of the season. Beardstown has the best team in the history of the school and has been playing some great football. Their best performance, perhaps, was holding Springfield to a 9 to 0 score on Springfield's grounds. They also defeated Rushville by a score of 29 to 0.

On the other hand Jacksonville also has one of the greatest it has ever boasted of. The men came out of the Peoria Manual in good shape. There were some minor bruises but these have all disappeared. The team will line up this afternoon in the pink of condition.

Coach Hufford has been working the team hard this week in preparation for the game. The team has been worked in polishing off the old plays and getting them started with more speed. Coach Hufford has also been drilling the team on some new formations.

The work of Johnson in the Peoria Manual game was a big revelation not only to the fans but to Coach Hufford as well. Johnson was always good for five yards or more. The development of Johnson as a line plunger has greatly strengthened the offensive work of the team.

The Jacksonville team will line up as follows: Ferguson lc, Johnson lt, Tholen lg, Walker c, Molokou rg, King rt, Firke re, Green q, Howard Reynolds lb, Homer Reynolds rh, Hill fb.

The officials for the game are Potter, Illinois, referee, Larson, Jacksonville, umpire. The head linesman has not been selected but it will be an Illinois college man. Beardstown will bring over a delegation of about 200 rooters. The game will start promptly at 2:30 o'clock.

RAIN INTERFERED WITH DECATUR PRACTICE

The Decatur Herald of Thursday has the following to say of the Millikin football team and the game between that team and Illinois College Saturday:

Coach Norman G. Wann was disappointed Wednesday afternoon by the rain which interfered with his plans for completing the drill of the Millikin football team in the new plays which are to be used against Illinois college Saturday afternoon in the big game for the championship of the conference.

With only three evenings left for practice, the loss of one was a serious matter. Championship hopes of the local college, however, will not be dampened by the accident for it is presumed that Illinois college suffered the same handicap and the net result will be the same for both sides.

Heavy Field to Hurt.

A heavy field Saturday probably will be a disadvantage to Millikin, for the fast, light backs on Coach Wann's team will be at their best when conditions are right for quick sprinting. It is the hope of Coach Wann and the Millikin rooters that the field will dry off sufficiently before Saturday to leave the ground firm, but if the rain continues today it will be a matter of real concern to Millikin supporters.

Illinois college is extremely confident of victory, according to every report which has reached Decatur. Rumors of heavy betting on the result in Jacksonville have been heard here, and some Millikin students claim offers from Illinois college men of money at odds against Millikin.

WILL HOLD "PEP"

The student body of Illinois college will hold a "pep" meeting in the gymnasium tonight at 7:30 o'clock in preparation for the Millikin game. There will be two speakers from the alumni, two from the city and a number of the players will make talks. Arrangements were made for the special train Thursday. The students will go to Decatur on the regular train Saturday morning. The train will have four special coaches to accommodate the crowd. On the return trip there will be a special train leaving Decatur at 6:30 o'clock and will arrive here probably about 8:30 o'clock.

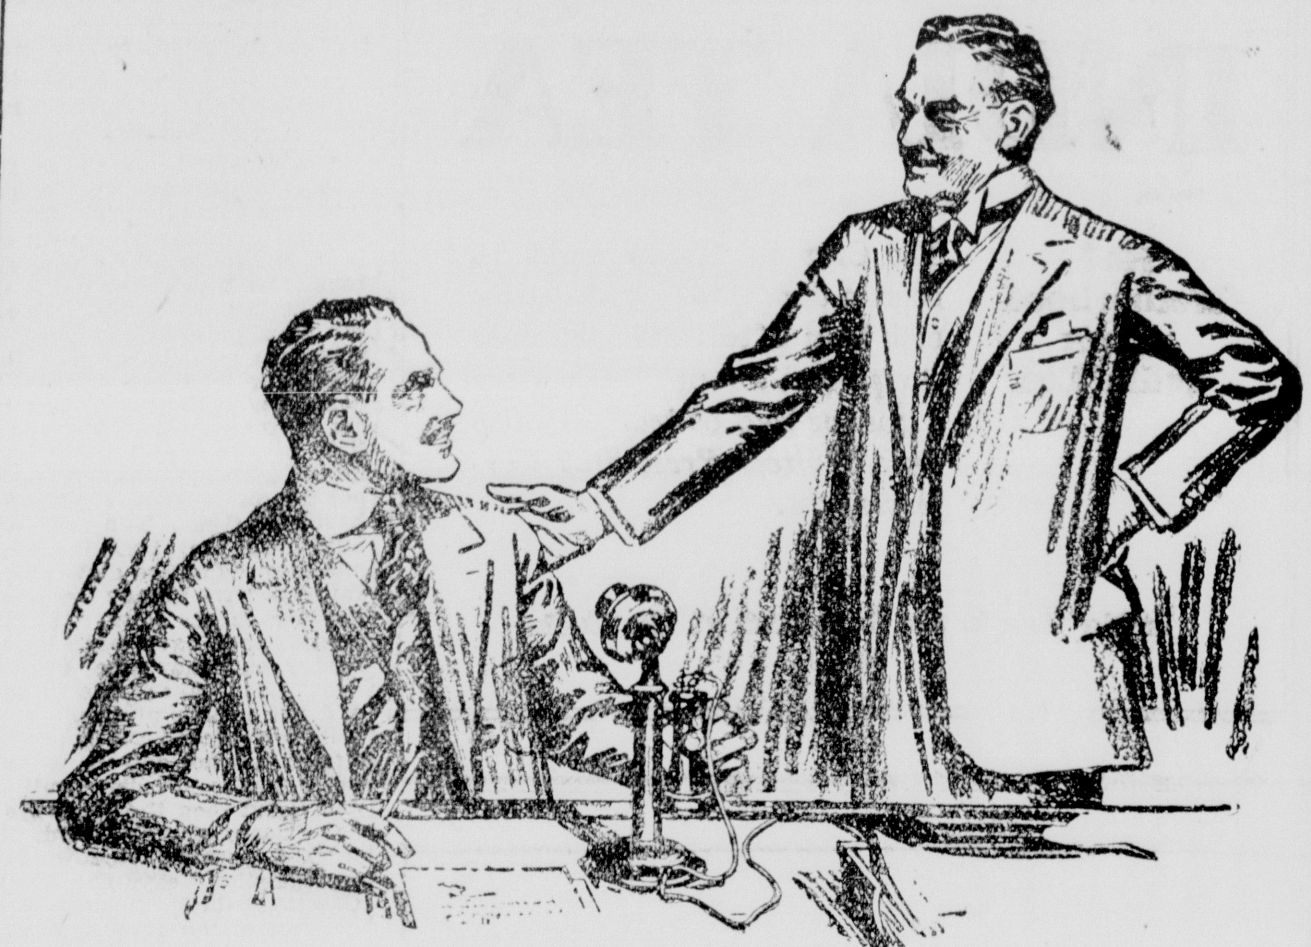

Manager Blum has a consignment of tickets for the Millikin game and they will be placed on sale this morning at the Drexel billiard rooms in West State street. Every one who intends making the trip should procure a ticket, as these have been reserved in a section of the stand for the Illinois rooters. The Illinois management has secured a special price of 50 cents for the game.

Note the form fitting curve of the new Arrow collars at Tomlinson's.

LUMBERMEN TO ORGANIZE. Memphis, Tenn., Nov. 9.—Lumber manufacturers from every oak-producing section of the United States will meet in this city tomorrow to organize the American Oak Manufacturers' association, which, when perfected will be by far the largest hardwood organization in the world. The membership of the association will embrace the owners of nearly all the 1200 mills in the United States, representing an annual production of 4,400,000,000 feet of oak lumber, valued conservatively at more than \$100,000,000.

INDUSTRIAL TRAFFIC LEAGUE MEETING

Chicago, Ill., Nov. 9.—Members of the National Industrial Traffic league the organization of shippers, met in conference in Chicago today to outline the position the commercial interests will take before the Newlands committee in the railroad investigation scheduled to begin Nov. 20. The conference will continue over tomorrow.

Like a "boost" from the boss when you're anxious—they satisfy!

When things are going hard and along comes the boss with a good, cheering word—say, doesn't that satisfy?

That's the very thing Chesterfields do for your smoking—they satisfy!

And yet Chesterfields are MILD!

No cigarette maker can copy the Chesterfield blend. They're the ONLY mild cigarette that satisfies. This blend is an entirely new combination of tobaccos—the biggest new thing in cigarette making in 20 years.

Leggett Myers Tobacco Co.

"Give me a package of those cigarettes that SATISFY."

IN FIVE MINUTES! NO INDIGESTION GAS OR SOUR, ACID STOMACH

The moment "Pape's Diapiesin" reaches the stomach all distress goes.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, indigestible food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.—Adv.

SPRAINS! RUB PAINS AND SWELLING AWAY

Don't Suffer. Go About Your Duties—Relief Comes the Moment you Apply "St. Jacobs Oil."

Don't stay crippled! Rub this soothing, penetrating oil right into the sprain, ache or strain, and out comes pain, soreness, stiffness and swelling.

Nothing else penetrates, heals and strengthens the injured muscles, nerves, tendons and ligaments so promptly. It doesn't burn or discolor the skin and can't cause injury. Don't suffer! Get a small trial bottle from any drug store now—limber up! Rub the misery right out. A moment after "St. Jacobs Oil" is applied you can not feel the slightest pain or soreness, and you can go about your regular duties.

"St. Jacobs Oil" conquers pain. It has been used effectively for sprains, strains, soreness and stiffness for 60 years—six gold medal awards.—Adv.

NEW RED SOX OWNER IS TERMED HUSTLER

Harry Frazee Has Long Cherished
Ambition to Attain Present Posi-
tion.

New York, Nov. 9.—"His Youth-
ful Ambition Realized" might be an
appropriate title for a short story
covering the comparatively short
career of Harry H. Frazee, from the
time that he left school to the pres-
ent day, when his name appears as
one of the new owners of the world's
champion Boston Red Sox.

His acquisition of the Boston club
is said to have ended Mr. Frazee
with the idea that fate plays a more
important part in a man's life than
what so many people are pleased to
call luck. For he it known that
while Mr. Frazee has won fame and
wealth as a theatrical magnate, his
original idea concerning his future
comprised no less a goal than the
ownership of a baseball club, tho
it is improbable that at that time his
ambition soared so high as the own-
ership of a world's championship out-
fit.

At that time he was counted
among the populace of Peoria, Ill.,
and had just reached the age of 15.
His youthful ambition might have
taken root and developed into some-
thing quite important, so far as the
national game is concerned, except
for the fact that his Peoria club
lost the first game away from the
home grounds, and failed to receive
sufficient coin of the realm in a
neighboring city to enable them to
return home, Young Mr. Frazee

telegraphed a fond parent, took the
next train back to Peoria, and de-
cided to become a regular member
of the theatrical profession.

So his introduction to the theater
was accomplished as an usher. In
a short time he graduated to the box
office, but soon decided that too
much money was going into the
hands of other people, and so he
decided to branch out for himself.

"Better say here Harry, where
you're well off, you know, a rolling
stone gathers no moss." These were
the words of counsel given the 18-
year-old youth by George Harring-
ton, owner of the Peoria playhouse,
when the young box office man de-
cided to leave his native city to go
on the road in advance of a "rube"
show at the munificent salary of
\$25 a week. But Mr. Frazee had his
own plans as to his future and de-
cided to follow them out.

After touring as an advance agent
for a small company in the Far
West, he migrated to Chicago and
bought what is known as the "one-
night stand" rights of "The Royal
Chef," a musical comedy which had
gained considerable prestige in Chi-
cago, but failed to command much
attention in the East. The profits of
"The Royal Chef" may be said to
have been the foundation of Mr.
Frazee's fortune, for at that stage
of his career the conditions in the
smaller cities were particularly ad-
vantageous for subsidiary touring
companies of metropolitan musical
comedy successes.

With the results of "The Royal
Chef" as an example, the young man-
ager promptly sent on tour similar
organizations in the subsequent Chi-
cago musical successes, and finally
decided that the psychological mo-
ment had arrived to make a produc-
tion on his own account. In associa-
tion then with two other managers
he produced "Madame Sherry," the
history of which is well known thru-
out the entire country. He built the
Cort Theater in Chicago in 1909,
and "The Kissing Girl," one of the
early attractions in that playhouse,
was his first independent production.
Then came in rapid succession such
notable successes as "Ready Money,"
"Fine Feathers" and "A Pair of
Sixes." Before his 30th birthday Mr.
Frazee has amassed a considerable
fortune and was looked upon as the
most successful of the young theatri-
cal producers in America.

Six months before the famous
Jeffries-Johnson fight at Reno Frazee
noted the great interest of the pub-
lic to see the big Californian who had
helped the pugilistic championship for
some years, and Frazee immediately
organized an athletic program, with
James J. Jeffries at the head, play-
ing a whirlwind tour of fourteen
weeks, which is said to have netted
Frazee over \$60,000.

Today Mr. Frazee enjoys the dis-
tinction of having made more big
productions and managed more pro-
minent stars than any man of his
age in America. He produced "Fine
Feathers" with a notable all-star
cast, including such well known play-
ers as Robert Edson, Wilton Lock-
aye, Rose Coglian and Max Fignon.
Much to the surprise of the theatri-
cal profession, he kept this organiza-
tion intact for two entire seasons,
during which time the play was seen
with its original cast in every im-
portant city of America.

Those best acquainted with the
young manager and his abilities pre-
dict that his achievements as a base-
ball magnate will be as brilliant as
his success as a owner of theatrical
and producer of plays.

—ARENZVILLE—

The Rebekah lodge had a regular
business session Wednesday evening
and practiced for the initiation of
new candidates. It was decided to
postpone indefinitely the "white ele-
phant" social.

Mr. and Mrs. Bert Long and little
daughter of Markham motored here
Sunday.

Little Indian spent Sunday with Mr.
and Mrs. John Schaefer.

BAVARIAN PRINCE IS REPORTED DEAD

Prince Henry Said to Have Died
From Wounds at Munich.

Berlin, Via London, Nov. 9.—
Prince Henry of Bavaria, nephew of
King Louis, is reported from Munich
to have died from wounds.

Prince Henry was 32 years old and
a majority in the Bavarian guards. He
was reported to have been wounded
on the battlefield last June. The
prince was unmarried.

I AM GOING to SEE THOSE SIMMONS BEDS TODAY

EVERY woman who reads the Saturday Evening Post will surely come to
this store. Because in this store are being shown the wonderful Simmons
Beds, whose story is told in this great national magazine.

If you have not yet read this issue of
the Saturday Evening Post, turn now
to the page which resembles this adver-
tisement. Look for the picture of the
Simmons Bed illustrated above. This
is a page no good home maker in the
city can afford to miss.

Fifty years of expert knowledge have
gone into the making of these won-

derful Simmons Beds. Every mechan-
ical part is as flawless as science can
devise. Every style feature is in har-
mony with the newest and best ideas
of modern interior decoration. The
man of the family will value the sci-
entific exactness of these beds. The
woman will recognize at a glance that
here is bed fashion made perfect.

AND YET THESE MODERN BEDS ARE SO MODESTLY PRICED
OUR SELECTIONS EXCELLENT FROM \$2.50 to \$50

FRENCH INTERESTED IN AMERICAN ELECTION

United States News Has Place of
Honor in Most Paris Papers—Re-
sult Expected to Have Little Effect
on Policy.

Paris, Nov. 9.—The American elec-
tion is being followed with the deep-
est interest, the news having the
place of honor in most morning pa-
pers. The commentators, mindful of
the dramatic surprise of yesterday
when the supposedly certain Hughes
victory was turned into a possible
defeat, are reluctant to commit them-
selves.

The majority of the comment is
similar to that of Stephen Pichon in
the Petit Journal, who expresses the
belief that the victory of either can-
didate will have little effect on Ameri-
can policy as far as the big ques-
tions interesting France are concern-
ed. It is also pointed out that the
present administration will remain in
power in any event until March 4 and
that many things may happen be-
tween now and then.

AMERICAN JOCKEY DIES IN LONDON

Danny Maher Passes Away At Nurses'
Home After Lingering Illness.

London, Nov. 9.—Danny Maher,
the American jockey, died at a nurs-
ing home in London early today after
a lingering illness which caused his
retirement from the turf three years
ago.

Danny Maher had the greatest re-
cord of any jockey on the English or
American turf of recent years. He
was a star performer on English race
courses for nine years prior to his
retirement. In this time he rode to
victory in three derbys, his mounts
being Rook Sand, Cicero and Spear-
mint. He also captured the Oaks in
1906 with Keystone II, the Doncas-
ter St. Leger in 1903 with Rook Sand
and the same classic race in 1909
with Bargardo. He was reputed to
be worth a large fortune as the re-
sult of his turf victories.

OTTUMWA GROCER COMMITTS SUICIDE

Only Motive Assigned for Act is Grief
Over Death of His Wife.

Ottumwa, Ia., Nov. 9.—Ed Raus-
naugh, aged 72, for 32 years a grocer
at Eddyville, near here, ended his
life by shooting in his store early to-
day. Grief over the loss of his wife
who died three years ago, is the only
motive assigned for the act.

NORWAY REPLIES TO GERMAN PROTEST

Note is Delivered to German Ambas-
sador at Christiania Thursday.

Christiania, Nov. 9.—The Norwe-
gian note replying to the German
protest against the U-boat ordinance
of Oct. 12 was today delivered to the
German ambassador here.

The controversy between Norway
and Germany over the submarine
question reached an acute stage with
the passage of the ordinance of Octo-
ber 13 by King Haakon's govern-
ment. By this ordinance submarines
of belligerent powers were forbidden
to traverse Norwegian waters except
in cases of emergency. In the latter
instance they were directed to re-
main upon the surface and fly their
national flag. Mercantile subma-
rines were also ordered to remain on
the surface and display their coun-
try's colors. This ordinance provoked
strong feeling in Germany and Dr.
Alfred Zimmermann, the German un-
der-secretary for foreign affairs, was
quoted in Copenhagen papers as say-
ing that the German note of protest
would be a serious one and that Ger-
many would not submit to the action
of the Norwegian government.

FRANKLIN

O. E. Tandy and wife of Jackson-
ville, visited over Sunday with her
mother, Mrs. Kate Wright.

Mr. and Mrs. Thos. Palmer, and
Mr. and Mrs. Howard Palmer of
Lowder, spent Sunday at the home
of P. A. Storgis.

Mrs. Edward Garner of Beard-
stown, was visiting J. G. Dowell and
wife between trains Saturday.

Dr. J. E. Perkins and family motored
to Philadelphia Sunday and
spent the day with relatives.

Dr. J. M. Elder arrived home
Tuesday from a week's visit with
relatives in Louisville, Ky.

Sunday being the anniversary of
the birth of Mrs. Sallie Wyatt a
number of her friends gathered at
her home in honor of the occasion.
The affair was planned by the lad-
ies of the Rebekah lodge and was
in the nature of a surprise, the lad-
ies bringing well filled baskets.

Those present were Mr. and Mrs.
W. C. Hart, Mr. and Mrs. John
Blanc, Mr. and Mrs. Chas. McLa-
mar, Mr. and Mrs. Geo. Schauf, C.
E. Darling, Kenneth Schauf, Mrs.
Katie Scott, Mrs. Mary Jones, Miss
Lou and Charlie Dugan, Miss
Breuer, Edith Thursday, Maud An-
derton, and Grace Hill.

For Feeble Old People Vinol Creates Strength

because it contains the very elements
needed to replace weakness with
strength, viz: Beef and Cod Liver
Peptones, Iron and Manganese Pe-
ptonates, Glycero-phosphates, etc., with
a mild tonic wine. This is a splendid
combination to restore strength, vital-
ity and vigor. It has given ninety per-
cent satisfaction for sixteen years.

Vinol

Full Formula on Every Bottle

is always sold with a definite guarantee to return the purchaser's
money if it fails to give satisfaction. Very few bottles are returned.

BEECHAM'S PILLS

Largest Sale of Any Medicine in the World.
Sold everywhere. In boxes, 10c., 25c.

THE TEST OF MERIT

Jacksonville People Are Given Convincing Proof.

No better test of any article can be made than the test of time and this is particularly true of a kidney medicine. Doan's Kidney Pills have stood this test and stood it well. What better proof of the merits of this remedy could you demand, than the statement of a Jacksonville resident who used it successfully and tells of lasting results.

Read the following:
P. J. Meaney, blacksmith, E. North St., Jacksonville, says: "My kidneys bothered me terribly and were irregular in action. When I bent over, my back ached. Doan's Kidney Pills regulated the action of my kidneys and stopped the pain in my back." (State ment given June 12, 1912).

NO TROUBLE SINCE.
On February 25, 1915, Mr. Meaney said: "I have not had to use Doan's Kidney Pills since they cured me of kidney weakness. I have no reason to change my high opinion of this medicine."
Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Meaney has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

A Wonderful Hair Grower

Five great elements compose healthy hair—oxygen, nitrogen, carbon, hydrogen, sulphur. When, for any reason, the follicles are starved or deprived of any of these, the hair turns gray or falls out.

VOLA-VITA is a scientific preparation that supplies these elements to the hair roots. Thus, naturally, hair is grown on bald heads, falling hair is stopped, gray hair is restored to its youthful color, dandruff is stopped. VOLA-VITA contains no alcohol, because alcohol, while falsely stimulating, burns out and kills the hair roots.

Vola-Vita is sold and guaranteed by all good druggists and the Vola-Vita Mfg. Co., Chicago, Ill. 6-26 a bottle.

TRADE WAR PRESENTS GRAVE POSSIBILITIES

CURRENT OPINION POINTS TO CONDITIONS FUTURE MAY BRING.

Evidence Already Available of Plans by Allies for Reclaiming Lost Commercial Ground—U. S. Laws Do Not Provide Means of Retaliation—Conditions Coming Which Must Be Anticipated and Offset to Prevent Serious Results.

Current Opinion for November has a very interesting and serious article on "The Specter of an Impending European War Upon American Industries." The subject is handled in a non-political and fair-minded way which shows very clearly that there are many reasons why the people of the United States should be looking forward to this possibility and making due preparation. The article is printed here in its entirety.

Is there to be "war after war?" This is a question that is sending a shiver of apprehension down the spine of many American manufacturers, financiers and exporters. Our exports last year amounted to two and three quarters billions of dollars. Even before the war more than 77 per cent of all the goods we sent abroad were sent to the nations now fighting. Everybody knows that the vast increase in the last two years cannot be maintained after the war is over; but the question that now arises is whether the two groups of warring nations are going to build walls of trade preferences, one around each group, that will not only shut off trade between the two groups but, to a very large degree, trade with neutral nations, especially the United States. Already these walls are being built.

The Paris Compact.
A compact was signed in Paris, June 17th, by representatives of the belligerent nations that seems likely to change the system of commercial intercourse of the whole world for many years to come. The tariff walls erected in the past may prove to be in vain in comparison with the walls that are to be erected by the "Economic Conference of the Allied Nations" on the one hand and the "Central European Zollverein" on the other hand. The purpose of the latter, as interpreted by the Paris Conference, is to inaugurate "a struggle in the economic domain which will not only survive the re-establishment of peace but at that moment will assume all its amplitude and all its intensity." The purpose of the former body, as proclaimed by itself, is "to conserve for the allied countries, before all others, their natural resources during the whole period of commercial, industrial, agricultural and maritime reconstruction," and for this purpose they "undertake to establish special arrange-

ments to facilitate the interchange of these resources."

To carry out this purpose, the Allies may have recourse not only to tariff walls but to special rates for transportation, to government subsidies, to change in the laws pertaining to patents, copyrights and trademarks, and to alterations in the postal and telegraphic systems. These changes are to be not merely for the period of the war nor merely for the period of reconstruction after the war. They are to be, many of them, "permanent measures." After the war of the trenches is over, in other words, the war of industrial reprisals and prohibitions is to continue for an indefinite period.

The Trade War and its Effects.
This change may well prove to be the most important result of the war. It means, according to a pamphlet recently issued by the National Foreign Trade Council of this country, a conscious return to mercantile ideas of earlier centuries in an extreme form—a return, that is to say, to the ideas of the Middle Ages, when international trade was considered a form of warfare and was dominated wholly by political instead of economic principles. The not merely proposed but already to way in which this change, which is a large extent consummated, will affect the United States and other neutral countries, remains to be seen. Ostensibly the new alliances are aimed not at neutral countries but at "enemy countries" alone. But according to the N. W. Journal of Commerce, the process of trade discriminations must be extended to trade with neutrals. Otherwise Germany, for instance, could evade the blow aimed at her by the simple process of starting factories in neutral countries. The "war after war" therefore "compels the inclusion of all neutral countries on the same level as enemy countries." According to Theodore H. Price writing in the Outlook, the fear of European competition after the war is so general in Wall street that it is infectious.

It is an "open secret" according to Colonel George Harvey, editor of the North American Review, that neutral nations are to be placed in the same category as enemy nations. He goes on to say: "Competition, especially American competition, is to be barred to the limit by the Allies after the war and, no less surely, in self-defense, by the central powers, to the end that the United States shall be isolated." Colonel Harvey is using this view of the situation to help build up a fervid political attack upon the Wilson administration, but the view, it is evident, is held by many independently of partisan considerations.

Canada to be Given Preference.
The National Foreign Trade Council, in the pamphlet already quoted, considers the matter in a very serious manner. The danger is, it says, "that European co-operation and trade preference may be carried so far as to artificially restrain American foreign trade and carry it below or normal equity in world commerce." It calls attention to two ominous results already seen. One is the immediate formation of the British and Italian Trading corporation, with a capital of 1,000,000 pounds sterling and the request made by the British Chancellor of the Exchequer upon parliament for a government subsidy to that corporation of 50,000 pounds sterling yearly. The other ominous result is the formation in Canada of a co-operative export association in the expectation that "the products of Canada will be preferred (through the British Empire) against the products of her great na-

tural competitor, the United States, who has stayed outside the war and has borne no part in the great sacrifice of life and money made by the allied countries."

What Weapons Have We.
If the United Kingdom and its allies proceed to draw their supplies of foodstuffs and raw materials from Canada, Australia and Russia in preference to the United States, where will our surplus crops be sold? If special shipping arrangements are made to create lower rates for the commerce of the allied nations than for that of neutral nations, what will happen to our vast export trade? If Great Britain should demand from South American countries special tariff concessions to British manufacturers as the price of including those countries in her proposed system of trade preference, what would become of our aspirations for an enlarged trade with our southern neighbors? What weapons have we in our possession with which to combat such efforts? In answering these questions the Trade Association refers to the new shipping bill and the power it gives to the United States shipping board to cancel or modify any agreement which it finds unjustly discriminatory against American commerce and to refuse clearance to any vessel refusing to take goods from American firms blacklisted by any government.

Law Gives no Retaliation.
It refers also to the "anti-dumping" provisions in the general revenue bill. But the association finds that our present tariff, which puts 55 per cent of the imports from South America and 60 per cent of all imports on the free list, is "barren of any resources either for concession or retaliation." Moreover, our exporters will be hampered in any trade war by their lack of freedom, under the anti-trust law, to combine to meet the tactics of foreign rivals. Our real hope, however, judging from the comment of economic students abroad, lies in the operation of natural economic laws. Professor Becker, of Berlin, for instance, told the central European Zollverein that the idea of a self-sufficient Central European Union is fallacious. Germany must place the fruits of her industry on the world's markets and her allies must do the same.

Protests Against Trade War.
The Manchester Guardian warns the British government that the Allies will be weakened, not strengthened, by the refusal of cheap supplies from the central powers, which will then go to the neutrals. In the proposed trade war, the Guardian can see only "the prolonged impoverishment of both parties to the present war, to the advantage of neutrals, who alone will be free to trade with both sides."

A financial specialist in Russia, quoted by N. Y. Journal of Commerce, calls attention to the fact that a cessation of commercial relations with Germany would mean for Russia simply an increase in the cost of living and an aggravation of the impoverished condition in which her people will find themselves at the close of the war. In Italy as well as Russia, it is reported the Economic Alliance is received with much less enthusiasm than in England and France. Even in England strong protests are being made by Lord Bryce and others influential in the liberal ranks against the effort to perpetuate the conflict by a trade war. Their protests seem so far to be futile.

CORN CROP REPORT SHOWS SHORTAGE

Total In Both Illinois and United States Less Than In 1915—Figures On Other Crops.

Washington, D. C. Nov. 9.—A summary of preliminary estimates of corn production for the state of Illinois and for the United States, as compiled by the Bureau of Crop Estimates (and transmitted through the Weather Bureau) U. S. Department of Agriculture, is as follows:

Corn.
State—Estimate this year, 320,000,000 bushels; production last year (final estimate), 376,164,000 bushels.
United States—Estimate this year, 2,640,000,000 bushels; production last year (final estimate), 3,054,535,000 bushels.
Wheat.
State—October estimate, 16,434,000 bushels; production last year, (final estimate), 53,200,000 bushels.
United States—October estimate, 607,557,000 bushels; production last year (final estimate), 1,011,505,000 bushels.

Oats.
State—October estimate, 172,210,000 bushels; production last year (final estimate), 195,435,000 bushels.

TEACHERS MEET AT TOPEKA.
Topeka, Kan. Nov. 9.—Every branch of educational activity, from the humble cross-roads school to the college and university, is represented in the attendance at the fifty-fourth annual convention of the Kansas State Teachers' association, which assembled in the capital today and will continue through the remainder of the week. The attendance is unusually large and representative and these in charge of the gathering predict that it will be the most successful ever held by the association.

Prominent educators on the program include President E. B. Bryan of Colgate University, Prof. J. H. Coulter of the University of Chicago, Prof. T. E. Rankin of the University of Michigan, Prof. G. A. Miller of the University of Illinois, Prof. George Ehler of the University of Wisconsin, Dr. S. Parkes Cadman, the Brooklyn divine, and Mary Antin, the noted author and sociologist.

WAR ROMANCE LEADS TO ALTAR.
El Paso, Texas, Nov. 9.—The first known romance among the officers of the Michigan troops now "at the front" is to culminate here today in the wedding of Miss Sara Louise Fegan of this city, and Major Ernest C. Lee of Detroit, senior medical officer of the brigade attached to the 32nd Regiment. Major Lee first met Miss Fegan on the day of the military parade here, when he stopped to rest on the steps of her house during a lull in the march.

NEW LORD MAYOR INSTALLED.
London, Nov. 9.—Sir William Henry Dunn was today installed Lord Mayor of the City of London, in succession to Sir Charles Cheers Wakefield. The usual formalities having been carried out at the Guildhall, the new lord mayor, accompanied by his predecessor, the sheriffs, aldermen and councillors of the City of London, went in their picturesque costumes to the law courts, where the oath was administered by the Lord Chief Justice. The show this year was largely of a military character and was enthusiastically cheered by the thousands of spectators who lined the streets.

R. H. McDow of Dow, Ill., spent Thursday in the city on business.

HOLLAND RUSK

A delicious crisp toast

When abroad Americans used to go out of their way to visit Holland and taste the famed Holland Rusk.

"Nothing Equal to It"

That's the verdict. Your grocer can sell you the same identical Holland Rusk, now made in Holland, Mich., by the same famed Dutch Bakers. Be sure the Windmill is on the package. There are other Rusks—base imitations—but none so good as the original Holland Rusk.

Crispy, tender, brown slices deliciously flavored with fresh eggs, sweet milk and rich creamy butter. A splendid lunch for children, with butter and sugar; better for them than bread or pastry.

Look for the Windmill on the package. Get the genuine and you will like them.

HOLLAND RUSK CO. HOLLAND, MICH.

Story's Exchange

Real Estate, Loans and Insurance.

FARM PROPERTY
No. 206—80 acres, three miles from Concord and three miles from Joy Prairie. This is good timber soli, 60 acres in grain, balance in cultivation, house of five rooms, concrete walks, cellar and cistern, water piped into the house. There is a good barn 50 by 50 feet for horses and stanchions for 12 head of cows. There is a good new hog house. \$100 per acre.
No. 203—Farm of 80 acres three miles southeast of Muraville, new house, barn, silo and other out buildings; land rolling to rough but well kept. Price \$80 per acre.
No. 207—180 acres mostly level farming land, thoroughly well improved and everything necessary for a complete country home. This is by far our best bargain for this week and any home seeker needs only to see it to appreciate it. This is a real Morgan county bargain.

City Property
No. 636—On South East street, east front and good house of five rooms, new roof, new paint, new paper, in first class condition. \$1700.
No. 634—Six room house on Jordan St. in fair condition. Price, \$1500.
No. 637—In South Jacksonville, a new seven room bungalow, all modern, with fine basement, good barn, and two large lots. One block from car line. Price \$2900.

Room 303 Ayers Bank Bldg.
Phone—Illinois 1329 Office Hours 1 to 4 p. m.

Ellington

Pianos

develop greater beauty of tone with use

WHILE quite the contrary is true of most pianos. We are all familiar with the piano that develops a metallic tone after a few years' use.

You don't want that kind. You want one that your children and grandchildren will enjoy, as well as give you pleasure for a lifetime. The children can't practice away it's marvelous beauty of tone because it is the permanent result of careful planning and construction.

When you own an Ellington Piano, you can be sure that even greater beauty of tone will be revealed with use, than that which first appealed to you.

ELLINGTON PIANOS are also made as Player Pianos. The Ellington Manualo, a player piano that is all but human, is indeed a triumph of tone and technique. Be sure to examine it.

You will like our Prices and Terms.

ASSOCIATED PRESS CORRESPONDENCE

New York, November.—Interesting
notes on several phases of German
industry are contained in reports
from the American Association of
Commerce and Trade, which have
just reached here from Berlin.

The German machine industry, it
is declared, is in the process of
a general readjustment, back to the
production of implements of peace
times as well as war. The fact that
for two years many of the machine-
producing factories have been con-
centrating on implements of war, in
order to save themselves from stagna-
tion, has caused the supply of ma-
chines for all other purposes to de-
crease. "And," the report continues,
"since competition of normal times
has practically ceased, the demand
for machines for peace production
has steadily increased."

"This is the case, for instance, with
agricultural implements, manufac-
turers not being able at the present
time to satisfy the demand, and
works, furnishing equipments and
supplies to mining, steel and iron
concerns, are occupied to full capac-
ity and hardly equal to the task of
filling orders."

"The result, therefore, is a period
of replenishment and renovation of
such overworked equipment that has
now set in and which is limited only
by the long deliveries required."

"It will be a tremendous undertak-
ing after the war, to replace the worn
out machine equipment of German
factories, a work that will require
several years to accomplish."

Statistics of the German steel pro-
duction month by month are given,
showing substantial increases over
1915.</

Real Mince Pie

TWICE AS GOOD AND HALF THE COST OF BULK MINCE MEAT

At Grocers 10¢ Package For West 12¢ to 15¢

NONE SUCH MINCE MEAT

MERRELL-SOULE CO., Syracuse, N. Y.

"Goodnight Corns!" We Use "Gets-It!"

3 Drops in 2 Seconds. That's All. "GETS-IT" Does the Rest. Never Fails.

"Really, I never could see how some few people use the most difficult and painful way they can find to get rid of corns. They'll wrap their toes up with bandages into a package that fills their shoes full of feet and makes corns so painful they've got

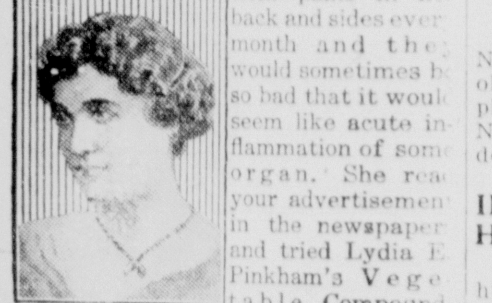

to walk sideways and wrinkle up their faces. Or they use salves that cut right into the toes and make it raw and sore, or they'll use plasters that make the corns bulge, or pick and gouge at their corns and make themselves bleed. Funny, isn't it? "GETS-IT" is the simple, modern wonder for corns. Just put 3 drops on it. It dries instantly. No pain, fuss or trouble. The corn, callus or wart loosens and comes off. Millions use nothing else. "GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price, by D. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Store and J. A. Obermeyer.

YOUNG WOMEN MAY AVOID PAIN

Need Only Trust to Lydia E. Pinkham's Vegetable Compound, says Mrs. Kurtzweg.

Buffalo, N. Y.—"My daughter, whose picture is herewith, was much troubled with pains in her back and sides ever-

month and they would sometimes be so bad that it would seem like acute inflammation of some organ. She read your advertisement in the newspaper and tried Lydia E. Pinkham's Vegetable Compound and tried Lydia E. Pinkham's Vegetable Compound.

She praises it highly as she has been relieved of all these pains by its use. All mothers should know of this remedy, and all young girls who suffer should try it."—Mrs. MATILDA KURTZWEG, 523 High St., Buffalo, N. Y.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

If you know of any young woman who is sick and needs help-

ful advice, ask her to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass. Only women will receive her letter, and it will be held in strictest confidence.

RADICAL ARGENTINE PRESIDENT IN POWER

South American Country's Parliament Best Paid in World—Legislation of Last Session Mediocre.

Buenos Aires, Nov. 9.—(Correspondence of the Associated Press.)—The ordinary session of the Argentine congress ended just previous to the recent change in government when a radical president assumed power for the first time in history.

The period just closed has not been remarkable for legislation. The best paid parliament in the world, its achievements during the ordinary period have been mediocre, practically nil. As usual the estimates were left to be dealt with in extraordinary session. It is felt that the new administrator's first serious difficulty will be with national finances, in regard to provincial finances they are seldom considered. They represent a permanent source of trouble—a chronic chaos. The situation is not improved by the studied silence of the new President, Dr. Irigoyen, whose pre-election taciturnity has been maintained with the utmost rigidity. No one knows what his policy may be; his platform is an enigma.

Among the last acts of the outgoing government were the framing by President de la Plaza, of a sound currency bill. The idea is to harmonize the paper "peso" of Lalar with a gold basis. At present the paper dollar, legal currency, equals 44 cents gold. The President's plan is to make the unit or dollar equal to a five franc French currency. Twenty cents Argentine paper would therefore be the minor unit equal to the franc. It would thus meet the requirements of the decimal system and that of the nations comprised within the Latin league. The paper dollar, 44 cents, would disappear altogether, and the arrangement based upon the actual stock of gold in the Republic would be, when complete, perfectly in accord with the ideal, a guaranteed circulating medium of a definite and invariable value.

A revised customs tariff has also been considered. The author is the outgoing Minister of Finance, who, like his chief, is content to bequeath the project to his successors.

REMARKABLE SERIES OF CONVENTIONS

SPRINGFIELD, MASS., Nov. 8.—A remarkable series of conventions in this city November 21-25 inclusive is expected to bring together an unusual number of civic workers. A preliminary announcement now being circulated lists no less than ten conventions, as follows:

National Municipal League, November 23-25; City Managers Association, November 21-23; City's Secretary Conference, Nov. 23-24; Municipal Research Workers, November 22-23; Training School for Public Services, November 22-23; Intercolllegiate Division of the National Municipal League, November 22-23; Western New England Chamber of Commerce, November 22; Massachusetts Federation of Planning Boards, November 22-24; Massachusetts Civic League, November 21, and the Massachusetts Single Tax League, November 20-24.

Subjects on the tentative programs include budgets, housing, taxation, municipal progress, city planning, publicity, training for public service, progress of the city's management, results under commission government, ten years' of municipal research in America and the responsibility of the city to its people.

Engraved Christmas cards at North Side Drug Store. Can use your old plate for name, furnish new plate, or leave space for signature. Neat, tasty designs. Don't delay ordering. Clarence L. DePew.

INVESTIGATE FINANCING HIGHWAY IMPROVEMENTS

Washington, Nov. 9.—Financing of highway improvements has been thoroughly investigated by experts of the Department of Agriculture's division of road economics who recommended to people of counties and municipalities intending to raise funds the advantages of the deferred serial plan over the ordinary sinking-fund plan. Under the serial plan, a certain amount of bonds is retired each year and the bonds so retired cease to be an interest charge on the community. Under the sinking-fund plan none of the bonds is retireable until the end of a definite period, and the entire sum raised bears interest for the entire life of the bond.

The Department's experts say under the ordinary sinking-fund plan communities pay interest on the money borrowed and in addition set aside each year as a sinking-fund an amount sufficient to retire all the bonds when they become due. The sinking-fund is deposited with banks and earns some interest. That interest ordinarily is only three per cent, whereas the communities pay five or six per cent to its bondholders. The serial plan is much cheaper, even the sinking fund earns interest as high as four per cent, and in the opinion of the road specialists should be utilized whenever it is possible to market serial bonds.

A report on the subject has just been published by the Department of Agriculture which is distributing it to interested persons upon application.

LARGE LOSS OF ANIMALS
Washington, Nov. 9.—Losses aggregating \$212,000,000 thru diseases of animals is sustained in the United States yearly. Much of that loss is preventable, Department of Agriculture experts desire.

BRITISH SUFFER LARGE LOSS IN SHIPPING

London, Nov. 9.—(Correspondence of The Associated Press.)—In a leading article on "The Tonnage Shortage and The Remedy" the Liverpool Journal of Commerce points out that the British mercantile marine has suffered a loss equivalent to four million tons of shipping, detailed as follows: Hindrance of new construction, 1,700,000 tons; war losses, 1,520,000, excessive depreciation, one million tons.

Quoting Lloyds Register for the quarter ending September 30, 1916, in which vessels completed only 71,000 tons gross, the journal says "seventy thousand tons per quarter, or one decent ship a week, is a ridiculous output. In spite of admitted difficulties it is hard for the outsider to believe that this cannot be improved, while everyone claiming any general knowledge of the situation is well aware that many more ships could be turned out without at all interfering with the more urgent requirements of any other section of our fighting machinery."

The paper claims that a constantly increasing multitude of officials are being employed to stifle the best efforts of shipbuilders and apparently to ensure that what available labor and material there is shall be wasted; and urges the necessity of appointing one strong man to govern everything, to see that available supplies are not frittered away, to ensure that the man who can best build big ships is given the ships to build and in general to arrange things on a sensible basis.

"The men who have run the shipyards for years as business concerns, who have guided their policy for a lifetime, find themselves helpless in the face of an invading army, which apparently thinks that in this grave crisis inexperience is more likely to yield good results than expert knowledge."

"What is required is the appointment of a dictator, an individual who is intimate with the shipbuilding industry and whose career is a guarantee of strength of character, soundness of judgment and outstanding ability. Such a man could be found if desired and if such an appointment were immediately announced, the relief to the shipbuilding world would be instantaneous."

ANTI-SWEARING LEAGUE IN HOLLAND, LATEST

Amsterdam, Netherlands, Nov. 9.—An anti-sweARING league is the latest social phenomenon in Holland. If the speakers at its foundation meeting are to be credited, the Dutchman is becoming badly addicted to transgressing the third commandment, both in the salons of the rich and in the cottages of the poor, while cursing is said to have spread to a "terrible" extent in the camps and barracks of the mobilized army.

Among the suggestions put forward for combatting the evil was that employers should be requested to hang up a prohibition of swearing in their factories and workshops, and that the government should be asked to forbid it in all branches of the public service.

AMERICAN HARDWARE

American hardware manufacturers are now reaping their reward for having built up in Argentina an unsurpassed reputation for their products. Germany and England have outdone Americans to some extent in this market in the past, but almost always by introducing cheaper articles, says Commercial Attache Albert Hale in a report on hardware markets in Argentina, Uruguay and Paraguay, just published by the Bureau of Foreign and Domestic Commerce of the Department of Commerce.

The normal imports of hardware into Argentina are between five and six million dollars, the total for 1913 being \$5,771,145. Of this total Germany supplied \$1,848,897 worth, England \$1,365,709 worth, and the United States \$1,211,097 worth. During the last year the sale of American hardware has increased rapidly and it is thought that much of the increased trade will be retained after the war. The only thing that has ever stood in the way of a greater American trade has been the matter of price. In quality our hardware has been supreme.

Mr. Hale expresses the opinion that when the war is over there will be a serious effort on the part of European manufacturers to get back the trade they have lost, and he is convinced that one of their first steps will be to establish in Buenos Aires local and permanent representatives or to make intimate connections with houses already there who understand the market.

"To be on the spot," says Mr. Hale, "is the only way to understand this market. The demand is constantly changing, and the tendency is to purchase better tools and hardware. This tendency has been especially noticeable during the last two years, and much of it is due to the influence of better grades from the United States. Therefore the manufacturer should not try too hard to meet competition on the basis of price. He should sell quality. If he finds an opening he may compete on price along with some European-made article, but he will find that quality is the characteristic by which American hardware is most frequently described and liked, and upon this sales factor he can most surely depend for success."

Previous to the war Americans dominated the market for axes and hatchets, wrenches, saws, and revolvers, and had an important share of the trade in files, keys, nails, screws and nuts, and miscellaneous tools. Germany dominated a number of lines, and it is a curious fact that many more German safety razors were sold in Argentina than came from the United States.

The author of the report has gone at length into conditions governing the hardware trade in Argentina, Uruguay and Paraguay and has discussed in detail the trade in each particular article of hardware. It is the fourth report of the series on the world's market for hardware, the exact title being "Markets for American Hardware in Argentina, Uruguay and Paraguay," Miscellaneous Series

No. 43. There are 66 pages in all. Copies may be purchased for 10 cents each from the Superintendent of Documents, or from the nearest district office of the Bureau of Foreign and Domestic Commerce.

BIDS ASKED

Sealed bids will be received by the city of Jacksonville at the office of the city clerk up to 10 a. m. Monday, Nov. 13, 1916 for 10,000 square feet more or less of concrete sidewalks in East State street, as provided by ordinance duly passed by the city council August 14, 1916. The right is reserved to reject any or all bids.

We put it up to Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

And They Voted Yes

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth glisten and is free from injurious ingredients, including pumice and grit." "I am inclined to get a tooth paste that does the work." "Congratulations on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and decay.

A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed you for 4c in stamps. The Santal Remedy Co., Inc., Dept. B. Masonic Temple, Cincinnati, Ohio.
